RESTRICTION ON INTRA-ZONAL TRANSFER

The above subject refers.

2. Management has observed with great concern the incessant movement of staff within the Zones in the name of Intra-Zonal transfer without recourse to RSHQ.
3. Most disturbing is that records of such posting are never forwarded to RSHQ for formalization, thereby distorting records of staff in RSHQ (AHR) especially as it relates to "Commands of staff".
4. This ugly trend is unacceptable and must stop forthwith.
5. Any Commanding Officer with staff need should forward such request to RSHQ through the appropriate channel of communication for necessary action.
6. Any further infractions will attract serious disciplinary action.
7. You have been properly guided.
