Nigeria Road Safety Strategy II (NRSS II)

In pursuance of its mandate at ensuring safe motoring environment, The Nigeria Road Safety Strategy (NRSS II) 2021-2030 necessitated by the expiration of the first Strategy (2014-2018), was birthed to further sustain the successes recorded in the implementation period of the maiden edition which effectively brought up well articulated course of road safety management in the country. The clarion call to develop the second edition of the NRSS (2021-2030) hence behooves on all well meaning persons, governments at all levels, corporate organizations, non-governmental organization, international communities and stakeholders to collectively work together as a team in ensuring that the path towards ending the carnage on our roads is aggressively pursued and achieved.

Furthermore the Nigeria Road Safety Strategy (NRSS II) specifically provides the platform for more coordinated attention on Child Road Safety in Nigeria. Road Traffic Injury is a leading cause of death and disability in Children, as over 40% of the Nigeria population is aged 0-14, which makes the safety of the children a critical focus in NRSS II (2021-2030).

More so, this NRSS II will thereon put the safety of children on the road at the forefront in Nigeria. In pursuing this, priority will be given to the United Nations Sustainable Development Goals (UN-SDGs) which include targets for 2030 as;

Halve road traffic fatalities, and

Provide access to safe, affordable, accessible and sustainable transport system for all.

Meanwhile, as the driving force, the Corps will from time to time as always seek the support of the relevant stakeholders and motoring public to forestall every ugly incidences that had been nagging the progress and retarding the economic development of the Nation in the way economic loss resulting from road traffic crashes.

The NRSS II (2021-2030) when religiously implemented through extensive and encompassing stakeholders' sensitization and enlightenment programme (which would be developed and carried out across the Federation) - will build upon the background successes of the NRSS I (2014-2018), and thereby advance the course of Road Safety campaign in creating safe motoring environment for all.
