

2023
COMPENDIUM
FOR
ACCs

1. PERFORMANCE MANAGEMENT SYSTEM

Performance Management System involves a process of measuring effectiveness and efficiency of an individual staff which culminates into the overall achievement of the Corporate Performance Management scorecard. It aims to tie the day-to-day activities and targets of individual staff to the realization of the corporate objectives of an organization.

1.1 STRUCTURE OF APER

Supervisors are expected to appraise subordinates in the following areas depending on their cadres. Below are the attributes with their definitions:

OFFICERS (FRSC ADM 01)

PART 1

Key Deliverables (20%): Delivery on assigned key performance indicators (KPIs) task and assignment.

PART II

a. Generic Organizational Competencies (60% and 40% for ACC - above):

- i. Interpersonal Skills - Shows respect and consideration in dealing with others.
- ii. Verbal Communication Skills - Communicates clearly in English Language with confidence and has a broad use of vocabulary.
- iii. Written Communication Skills - Writes in a concise and articulated manner.
- iv. Personal Organizational Skills - Plans proactively and effectively.
- v. ICT Skills - Is familiar with the functioning of a computer system and is comfortable using email for communication.
- vi. Customer Service Skills - Is customer focus and as such sensitive to customer needs.
- vii. Time Management Skills - Is punctual to work, meetings, etc and realistic in making commitments.
- viii. Team Work: Keen to offer assistance and carries people along.
- ix. Personal Leadership Skills - Is able to lead self towards the achievement of personal vision and targets in spite of challenges.
- x. Bearing and Grooming Skills - Always appears neat and well turned out in clean, well ironed uniforms, impeccably groomed hairs, nails and other body parts.

b. Job Specific Competencies (20% for all Officers):

- i. Technical Writing Skills - Style of writing peculiar to a profession or functions.
- ii. Supervisory Skills - Providing superior direction, input and guidance to sub-ordinates in the day-to-day delivery or assignments.
- iii. Strategic Planning Skills - Evaluates processes for defining strategy and direction as well as allocating resources to implement same successfully.
- iv. Creativity/Innovation - Development of new ideas and unique novel solutions to problem or needs.
- v. Intelligence Gathering - Gathering timely and accurate security related information.
- vi. Technology Competencies - Specific IT Skills required for delivery work processes.
- vii. Arbitration Skills - Alternative dispute resolution, mediation and negotiation skills.
- ix. Conceptual Skills - Ability to think and conceptualize abstract and complex issues.
- x. Facilitation Skills - Presentation, coaching, engagement skills and processes for maximizing a group's discussion outcome.
- xi. Accounting Skills - Recording, reporting and analyzing financial transaction.
- xii. Budget Skills - Knowledge, skill and processes for measuring and reporting financial compliance.

c. Leadership and Management Competencies - 20% (ACC and above only):

- i. Management/Team Building Skills - Resourcefulness, motivations.
- ii. Leadership Skills - Inspires positive confidence for others to follow.
- iii. Strategic Thinking Skills - Considers both short and long term effective analysis of macro-environment.
- iv. Dynamic Skills - Effectively makes useful contact within and outside the organization.

ROAD MARSHAL (FRSC ADM 02)

a. **Agreed Deliverables (20%):** Delivery on assigned key performance indicators (KPIs) task and assignment.

b. **Core Attribute And Skills (80%):**

- i. Service Attitude - Maintains an enthusiastic and positive attitude; always in self-control.
- ii. Punctuality - Consistently arrives at work on time, keeps committed deadlines and promptly responds to official request.

- iii. Policy Alignment - Deems it important to follow FRSC policies and procedures; does not disregard rules and regulations of the office.
- iv. Working with others/Team spirit - is focused on the teams targets and objectives.
- v. Creativity - is innovative; thinking outside the box.
- vi. Neatness/Carriage - Uniform is always clean and neatly ironed, hair and other assets are well managed.
- vii. Verbal Communication - Speaks good English; Presents information clearly and logically.
- viii. Writing Skills - Writes comfortably in English; is able to prepare official reports with zero or minimal correction.
- ix. ICT Skills - Able to use Microsoft word and other Microsoft packages; uses the internet effectively in the course of work.
- x. Ethics and Values - He is clearly regarded as an epitome and model of integrity and trustworthiness.
- xi. Personal Organization and Diligence - Organizes self and others effectively; is consistent in achieving goals.
- xii. Leadership - Show an effective blend of high competence and exemplary character in all things assigned. He is self-determined, but moves colleagues towards common goals.
- xiii. Self-Improvement and Learning - Shows a willingness to improve self and to learn new skills through both informal and formal means.

ROAD MARSHAL ASSISTANT (FRSC ADM 03)

- a. **Agreed Activities (50%):** Delivery on assigned key performance indicators (KPIs); task and assignments.
- b. **Core Attributes And Skills (50%):**
 - i. Technical Skills - Indicate technical skill e.g. driving.
 - ii. Punctuality and Attendance - Arrives at work on time; keeps to earlier arranged timing schedules for his work deliverables.
 - iii. Ethics and Values - he is principled; maintains acceptable standards of behavior.
 - iv. Discipline and Personal Organization - Respects duly constituted authority; willingly obey orders.
 - v. Dressing/Comportment - Dress appropriately; looks clean and tidy at work.
 - vi. Team Work - Always willing to cooperate and lend a hand in all situations.

- vii. Customer service Skills - Is friendly and respectful when providing service.
- viii. Policy alignment - Deems it important to follow organization policies and procedures; is obedient to the guidelines of the organization.
- ix. Self-Improvement and Learning - Shows a willingness to improve self and to learn new
- x. skills through both formal and informal means.
- ix. Verbal Communication - Speaks good English; provides information clearly and logically.

1.2 JOB BINDER

This document contains the job functions/specifications of each Staff with the Key Performance Indicators (KPIs) i.e. expected deliverables. The KPIs must conform with the SMART acronym i.e. the KPIs must be:

- *SPECIFIC (S)**
- *MEASURABLE (M)**
- *ACHIEVABLE (A)**
- *REALISTIC (R) and**
- *TIME-BOUND (T)**

Employee performance management is a process for establishing performance yardsticks at an individual level, which are related to and directly linked with the Corporate performance measures or yardsticks for the period. In addition to improving the strategic governance of an organization, this is expected to also create a shared understanding by all Staff, of how their individual responsibilities contribute to the corporate objectives - in the alternative, can limit or impede the achievement of same if not diligently pursued.

1.3 CORPORATE GOALS

Having the vision, mission and core values of FRSC in view, the Corps Marshal at the beginning of each year presents the overarching corporate strategic thrust/corporate goal for the year. Then, the Corps Planning offices develops the corporate planning document and process for the realization of these goal. The corporate goals are cascaded across Departments, Corps Offices and Commands. Therefore, should the Corps Marshal's target be "to reduce road traffic crashes by 20% in the course of a given year", both the routine and strategic targets of the various Departments, Corps Offices and Commands should directly or indirectly support the achievement of this goal. Below are the corporate strategic Goals of FRSC for 2022;

- a. Accomplish 15% reduction in Road Traffic Crash Fatality.
- b. Enhance Road Safety Partnership for Innovative Intervention.
- c. Consolidate on the Road Traffic Data System for Improved Road Safety Policy Formulation

1.4.1 ASSESSMENT CRITERIA

FRSC conducts a quarterly performance assessment of its functional arms and this has led to the creation of a healthy competitive working environment as all the component functional units aspire to the realization of their individual targets. A quarterly comparative analysis report enables each department, Corps Office or Command to take stock of its previous or current performance with a view to identifying areas for improvement. The assessment parameters are as stated below:

Assessment Of RSHQ Departments/Corps Offices

a. REPORT RENDITION (15 marks)

- i. Weekly Sitreps (13 Nos.) - (6.5 marks)
- ii. Monthly report (3 Nos.) - (6 marks)
- iii. Quarterly report (1 No.) - (2.5 marks)

b. TASK ACCOMPLISHMENT AND INNOVATIONS (97 marks)

- i. Projects (Physical and Non-Physical) (2marks each) - (30 marks)
- ii. Accomplishment of Statutory Functions (1 mark each) - (12 marks)
- iii. Accomplishment of Strategic Initiatives - (15 marks)
- iv. Accomplishment of Management Assigned Tasks - (10 marks)
- v. Creativity and Innovation (3 marks each) - (30 marks)

c. ALIGNMENT TO SERVICE STANDARDS (24)

- i. Attendance register - (2 marks)
- ii. Movement register - (2 marks)
- iii. Leave matters/records - (2 marks)
- iv. Work Environment - (2 marks)
- v. Record of disciplinary matters - (2 marks)
- vi. Record of Departmental/Corps Offices meetings - (2 marks)
- vii. Complaints handling/Documentation, Follow-up & Resolution - (7 marks)
- viii. Nominal roll - (2 marks)
- ix. Provost Disciplinary record - (3 marks)

d. TEAMWORK AND COLLABORATION (9 marks)

- i. Internal Collaboration (1 mark each) - (6 marks)

- ii. External collaboration (1 mark each) - (3 marks)
- e. CAPACITY BUILDING (14 marks)**
 - In-house lectures (1 mark each) - (10 marks)
 - Seminars and workshops (1 mark each) - (4 marks)
- f. FINANCIAL AND RESOURCE MANAGEMENT (12 marks)**
 - i. Retirement of monthly allocations - (9 marks)
 - ii. Retirement of special funds - (3 marks)

GRAND TOTAL = 171

$$\begin{array}{rcl}
 \text{NB. Scores Calculation} & = & \text{Total Scores Obtained} \quad 100 \\
 \text{-----} & \times & \text{-----} \\
 & & 171 \qquad \qquad \qquad 1
 \end{array}$$

1.4.2 ASSESSMENT OF ZONAL COMMANDS

- a. REPORT RENDITION -(10%)**
 - i. Weekly Sitrep-2%
 - ii. Monthly Report-2%
 - iii. Quarterly Report -2%
 - iv. Special Report - 2%
- b. TASK ACCOMPLISHMENT AND INNOVATION - (50%)**
 - i. Enforcement - 21%**
 - Offenders-3%
 - Offences-2%
 - Critical Offences-15%
 - SLV-3%, OLV- 3% UPD-3, LSV-3%, DUI-3%
 - Integrity Booking - 6%
 - Booking on ACS - 6%
 - ii. Command & Control - 21%**
 - No. of ZCO visit to S/C-2%
 - No. of visit to Zonal clinics/Zebras/Road Side Clinics
 - ZCO Monitoring/survey-4%
 - No. of patrol check-2%
 - No of Arrest-2%
 - Racketeering & Extortion-3%
 - No. of Monitoring/survey to DLCs

iii. Accomplishment of Strategy Initiatives (Annual FRSC 2019 Strategy Goals)

- Intra/Inter Command Activities - 2%
- No. of Intra/Inter- Command Activities - 2%.
- Commendation, Reward & Punishment - 3%
- No of Commendations - 1%
- No of Rewards - 1%
- No of Sanctions 1%
- Mandatory Periodic Programme
- Road Safety Audit - 1%
- Traffic Count - 1%
- Creativity & Innovation - 3%

iv. Capacity Building -(6%)

Training & Development Activities:

- In-house Lectures-2%
- No of Workshop/Sem/Retreat-2%
- On-the-Job-Training.-2%

v. Team Work & Stakeholders Collaboration-(13%)

- Stakeholders Collaboration-6%
- No. of SM Activities \Patrol/Traffic Control carried out 3%
- No of Donation/logistics to Command
- No of Courtesy/Advocacy Visits-2%
- No of Public Education//Rallies & Communications-3%
- No of Inter Agency Engagement-2%

vi. Alignment to Service Standard-(9%)

- No. of Zonal Operators/Mgt. Meeting-2%
- Team Spirit
- No of Durbar (WASA)-2%
- Compliance to HQ Directives-5%

vii. Vehicle & Infrastructural Maintenance-(10%)

- No of Vehicle maintenance/service-2%
- Estate 2%
- Equipment - 6%
- (Radar gun, tablet, extricating. machine etc.)-2%
- Furniture-2%
- Fittings-2%

xi. Financial Resource Management (2%)

- Financial Prudence-1%.
- Disbursement of allocation according to sub-head
- Returns on Retirement of Allocation according to sub-head
- Physical Projects-1%

1.4.3 ASSESSMENT OF SECTOR COMMANDS

- i. **Report Rendition 10%**
 - Weekly SITREP - 2%,
 - Monthly Report - 2%.
 - Quarterly Report - 2%
 - Special Report - 2%.
 - Compliance to HQ Directives - **7%**
- ii. **Task Accomplishment 50%**
 - Enforcement & RTC Reduction- 21%
 - Offenders Arrested 3
 - Offences booked 2
 - Critical offences 16
- iii. **Command/Control & Communication - 27%**
 - Visit to Commands 4
 - Integrity Booking (ACS) 5
 - Survey/Monitoring 6
 - (Durbar) 3
 - Operator/Mgt Mtg. 3
 - Traffic Count 2
 - Road Safety Audit- 2
 - Creativity & Innovation -2
- iv. **Alignment to Service Standard-9%**
 - Intra/Inter Command Activities 2%
 - Reward 4%
 - Commendation 2%
 - Sanction 2%
- v. **Capacity Building 6%**
 - In-House Lectures 2%
 - Workshop/Seminar/Retreat 2%
 - On-the-Job Training 2%
- vi. **Teamwork and Stakeholders Collaboration 6%**
 - Stakeholders -7%
 - PE/Rallies -3%

- Courtesy/Advocacy Visits -2%
- Inter-Agency Engagemen -2%
- SM Activities - 6%
- Patrol/Traffic Control 2%
- PE/Rallies - 2%
- Donations -2%

vii. Financial and Resource Management.- 2%

- Financial Prudence -1%
- Physical Projects -1%

viii. Vehicle and Infrastructure Maintenance-10%

- Vehicle -2%
- Estate -2%
- Equip.(eTablet) -6%

2 MOBILE COURT

The word "Mobile " is an adjective which means capable of moving or of being moved readily from place to place while "Court" generally signifies an institution in which disputes and conflicts are heard, argued and decided on the basis of law.

In other words, Court is an official public forum established by lawful authority to adjudicate over all manner of disputes, be it civil, administrative, labour or criminal.

In common law countries, the Courts are the central means for dispute resolution, and all persons have a right to bring their claims before a Court. Similarly, those accused of a crime have a right to present their defences before a Court.

According to Dr Borhan Uddin Khan, "Mobile Court" can be compared to a Mobile Phone which is easily moveable to enforce laws as a supplementary and complementary manoeuvre of Court.

2.1 COMPOSITION

A mobile court is properly constituted upon the appointment of a magistrate to preside over cases brought before it. The prosecutor prepares a charge in brief stating the offences committed by the traffic violator which is read by a clerk of the court.

A mobile court is usually made up of:

- a. A presiding Magistrate
- b. A prosecutor
- c. Court clerk
- d. Security e.g. Police or Paramilitary officer to ensure court orderliness.

Planning of Mobile Court

- a. Consultation.
 - b. Application & Approval of the Chief Judge.
 - c. Appointment of Mobile Court Judge.
 - d. Request for Armed Backup.
 - e. Prepare Patrol/Duty Roster.
- Basically, planning of Mobile Court begins with the consultation and deliberations between the Commanding Officer, Head of Operations and Legal Officer on the identified or prevailing Traffic Offences among motorists. Having agreed on a particular day, time, and venue of the exercise or route, a letter is then caused to be written by the Commanding Officer to the Chief Judge of the State requesting for a Mobile Court

Judge. Upon the receipt of the application by the Chief Judge, he appoints a Magistrate if he approves.

- Upon approval, another similar letter is written to the Commissioner of Police and Commandant, Nigeria Security and Civil Defence Corps (NSCDC) requesting for Armed Police Men and Armed Civil Defence Personnel to provide Security for the Mobile Court. This is done a week preceding the holding of the Mobile Court.
- Thereafter, a Special Roster for the staff or personnel that will participate in the Mobile Court is prepared by the Head of Operations. This is to inform the concerned staff of the exercise coming up. To improve consultation and collaboration with stakeholders, the Commanding Officer could inform and invite officials of organised Transport Unions, especially if the Mobile Court is for a Special Operations or Intervention Patrol.

Mobilization of Staff and Equipment

- a. Head of Operations Address staff on the Focus.
- b. Declaration Register.
- c. Issue Booking Sheet/e-tablet.
- d. Convey Canopy, Table & Chairs.
- e. Convey Armed Personnel.

At the scene

The Team Leader of the Mobile Court exercise then distributes a specific or designated Booking Sheet to the staff, there and then, move to the venue of the exercise to commence enforcement

After this is done, the Legal Officer/ Prosecutor will then inform the Magistrate of the readiness and commencement of the exercise. Occasionally, Press Men could be invited to cover the event.

At the venue of the Mobile Court, the Magistrate gets seated with the Registrar of the Court. The Registrar of Court will always be with Revenue Receipt, Detention Order, Stamp Pad, and Record of proceedings Book, Biro and Traffic Law book.

2.2 Procedure for Trial or Prosecution of Road Traffic Offenders in Mobile Court Sitting

- Mobile Courts dispose most of the cases summarily. Although, the object of summary procedure is to shorten the course of trial, it is nevertheless

incumbent on the Magistrate to put on record sufficient evidence to justify his order.

- The FRSC (Establishment) Act 2007 provides and vest power to establish mobile courts in the chief judge of a state or the Federal Capital Territory Abuja.
- S10.8 of the FRSC Act 2007 states
- "The chief judge of a state or the Federal Capital Territory Abuja shall have power to establish special or mobile courts for the purpose of a speedy trial of traffic offenders under this act"
- S10.4 of the FRSC Act 2007 provides:
- "In the exercise of the functions conferred by this section members of the Corps shall have power to arrest and prosecute persons reasonably suspected of having committed any traffic offence"...
- S10.10 states:
- "For the purpose of enforcing or prosecuting offences under this Act, the Road Traffic Law of a state, the Federal Highway Act and any regulation made under these laws shall apply to this Act".
- The import of the above section simply put is to the effect that for purposes of enforcement and prosecution of offenders, the offences are not restricted to only those offences stipulated on the Notice of offence sheet but other relevant traffic laws.
- The Court records the statement of the witnesses and also writes out a short judgment.
- In practice, Mobile Court perform its functions very summarily than usual summary trial as the Court itself visits the spot, examines the witnesses, hears the accused/defaulters on the spot as patrol teams apprehend the offenders red handed. The court completes the procedural requirements and passes a sentence instantly.
- A Road Traffic Offender is anybody who breaches Road Traffic Law(s).
- The offender is booked and charge (s) is prepared from the booking sheet. There and then, the offender is arraigned before the Mobile court by the Prosecuting Counsel/Officer. The Charge (s) is then read to the hearing of

the offender and the Court must ascertain that the offender understands the charge. Plea is then taken

- If the offender pleads guilty to the charge, the Court will foreclose the defence and ask the prosecutor to state the facts of the case after which the Court makes a finding of 'guilty' or 'not guilty'. But if the finding is that of 'guilty', the Court asks the offender to make allocutus, which is a plea of mitigation of the punishment. The Court then goes ahead to give the punishment it considers appropriate in the circumstance.
- However, where an offender pleads not guilty, the Court will ask the prosecutor to prove the case. In doing this, the Prosecutor calls his witness(es) to testify to support the charge. The offender is allowed to defend himself personally. The Court will then make a finding of guilty or not guilty.
- The offender maybe convicted or discharged if not found guilty.
- Convict(s) pay fine (s) on the spot. Convict(s) who is/are unable to pay fine(s) on the spot is/are sent to Prison for term(s) as awarded by the Mobile Court.
- At the end of the exercise, money realized is shared based on the agreed percentage between the State and FRSC. However, the Corps recommends 30% for the Command and 70% to State Government. But this could be negotiated.

2.3 HIERARCHY OF SUPERVISION IN MOBILE COURT ENFORCEMENT

For every Mobile Court, there should be a Team Leader in the Roster prepared for the exercise. It is expected that whoever is appointed as a Team Leader for the exercise organize, coordinate and assign his Team members to a specific and particular route to be covered for the exercise. Be that as it may, the success or otherwise of the deployment of experienced and competent staff lies in the hands of the Head of Operations.

In order to provide a check-and-balance and checkmate abuse of power by FRSC personnel or cases of violence and subversion of the law, besides a patrol team this set of officers are detailed to supervise the exercise.

- a. A surveillance team: To check-mate abuse of power, bribe taking etc.
- b. Intelligence gathering by the intelligence unit of the Corps before and after the exercise to ensure security of lives and property.

- c. Provost Unit to ensure discipline and court orderliness.
- d. A rescue team - in case of accidents and medical personnel testing of drivers.
- e. A public Enlightenment desk - For education of traffic offenders.
- f. Other Security agencies, e.g. police, civil defence etc. to provide security in case of mob or violent attacks.

2.4 REPORT RENDITION

At the end of a mobile court exercise a prompt summary report and a later detailed report is necessary in order to evaluate the court activities and conduct of the exercise. A summary report is made in the following manner:

- a. Total number of arraignment
- b. Total number prosecuted
- c. Total discharged
- d. Total convicted
- e. Date of the exercise
- f. Prevalent offences
- g. Fines realized.

Monthly report

A further detailed monthly report is required stating in precise detail, including the above stated information such as:

- a. Age of traffic offender
- b. Sex
- c. Route/location the exercise was conducted
- d. Name of presiding Magistrate
- e. Name of prosecutor
- f. Drivers Licence Number (Issuing/Expiring date)
- g. Date of arraignment
- h. Qualification of driver
- i. Phone number of driver
- j. Address of Traffic Offender.

3. PATROL CONFLICT RESOLUTIONS

Conflict is a serious disagreement and argument about something important. If two or groups are in conflict, they have had a serious disagreement or argument and have not yet reached agreement. A conflict is also clash of interest.

This is the process of limiting the negative aspect of conflict while increasing the positive aspects of conflict (<https://en.wikipedia.org>)

There have been many styles of conflict management behaviour that have been researched in the past century. One of the earliest, Mary Parker Follett (1926/1940) found that conflict was managed by individuals in three main ways: domination, compromise, and integration. She also found other ways of handling conflict that were employed by organizations, such as avoidance and suppression

Domination: the exercise of power or influence over someone or something, or the state of being so control. It is total control.

Compromise: an agreement or settlement of a dispute that is reached by each side making concessions

Integrate: to form, coordinate, or blend into functioning or unified whole.

3.1 CONFLICT MANAGEMENT RESOLUTION IN FRSC OPERATIONS

As hinted above, conflict is bound to happen in an environment where there are human interactions. FRSC is one social entity having organised activities involving a lot of people and its operations interpreted and appreciated differently by the public. The complexities and characteristics of the motoring public necessarily create conflicts of various degrees. If properly managed, conflict could actually be a source of positive change. This fact underscores the reason the understanding of types of conflicts in FRSC operations is germane to its management.

3.2 TYPES OF CONFLICT IN FRSC OPERATIONS

In organisational conflict and indeed in FRSC, two basic classifications are easily identified. They are:

- a. Intra-organisational
- b. Inter-organisational conflicts.

Some prefer to refer to them as **Internal and External conflicts**.

Intra-organisational conflict is conflict within an organization, and can be further classified based on scope (e.g. department, work team, individual).

Inter-organisational conflict occurs between two or more organizations, for example, when different businesses compete against one another.

For the purpose of this paper, we shall consider the causes of intra-organisational (**internal**) and inter-organisational (**external**) conflicts in FRSC operations

3.3 CAUSES OF INTRA-ORGANISATIONAL OR INTERNAL CONFLICTS

The factors responsible for intra-organizational or internal conflicts are as follows;

- a. Extreme or Uncontrolled Conflict: Factors such as family, social and emotional problems often affect FRSC staff.
- b. Strained relationship between Commanding Officers and their Second-in-Command.
- c. Strained relationship between Heads of Operations and patrol operatives.
- d. Lack of in-depth understanding of operational policies, guidelines and thrusts.
- e. Breakdown in relationship between patrolmen.
- f. Issue of divided loyalty in various Commands

3.4 CAUSES OF INTRA-ORGANISATIONAL OR EXTERNAL CONFLICTS

Below are some of the identified causes of inter-organizational or external conflicts

- a. Perceptions of traffic Offenders
- b. Compromise of integrity
- c. Close relationship between staff and offenders
- d. Wrong perception of FRSC operations by other Agencies and organisations
- e. Hostilities and unfriendliness by host communities
- f. Unfriendly attitude of members of the political class, top civil servants, contractors and passengers in vehicles

3.5 STEPS IN CONFLICT MANAGEMENT AND RESOLUTION

Many strategies have been evolved in conflict management and resolution but for the purpose of this course, we will look at Maccoby and Studder to identify five steps to managing conflicts as follows:

- a. Anticipate - Take time to obtain information that can lead to conflict.
- b. Prevent - Develop strategies before the conflict occurs.
- c. Identify - If it is interpersonal or procedural, move to quickly manage it.

- d. Manage - Remember that conflict is emotional
- e. Resolve - React, without blame, and you will learn through dialogue.

4. FRSC EDUCATION POLICY

All over the world education stand as the major factor in the drive to development. A nation or organization cannot strive to greatness without paying much attention to the education of citizen or workforce. FGN (1998) stressed that education is an instrument for national development. It fosters the worth and development of the individual, for each individuals sake and for the general development of the society. It can be confirmed from this that education develops a man for self-fulfillment, societal development and for national advancement

4.1 IMPORTANCE OF TRAINING

- a. Enhance interest in one's job
- b. Removes negative attitude to work
- c. Improves performance and productivity
- d. Removes tardiness
- e. Checkmates excessive absenteeism
- f. Discourage complaints
- g. Improves quality of output
- h. Reduces incidence of accident at work
- i. Reduce rate of insubordination
- j. Brings about easy adaption to new technology
- k. Enhances efficient implementation of new policies

4.2 GUIDELINES FOR TRAINING PROGRAMMES IN FRSC

- a. Courses to be pursued shall be progressive and targeted essentially at development staff and knowledge, so as to improve proficiency.
- b. Courses to be pursued shall be relevant schedule or preparatory to taking up a new schedule.
- c. A staff shall qualify to pursue further studies on part-time basis in any of the approved courses and approved institution of learning after spending a minimum of two (2) years with the corps from the first day of appointments. Minimum of five (5) years is approved for full-time basis
- d. A staff seeking approval for further studies shall complete from TSC/EDU/O1A

- e. Career progression training at the FRSC Academy and Training school shall be accorded priority, while training with short duration in any recognized professional institution shall be encourage.
- f. Development staff after training shall take cognizance of the new skill acquired.
- g. Staff to be granted approval for further studies shall not exceed 5% of the total staff strength in the corps at any given years and such approval shall be subject to availability of fund.
- h. Any staff on course can be re-called by the corps marshal and chief Executive, should the need arise.
- i. Staff who are unable to complete any course of study within the normal duration may apply to the corps marshal and chief Executive for extension through Training standards and certification Department.
- j. Any staff that has put in 34years in service or attained 59 year of age should not be qualified for a sponsored course of study leave without pay.
- k. A marshal shall not be considered for conversion if he did not secure approval to go on the course in the first instance.
- l. A staff shall qualify to pursue any of the approved courses if free of any disciplinary case that could lead to termination/dismissal.

4.3 TYPES OF COURSES

- Short- Duration courses
- Part-time courses
- Foreign courses
- Technical assistance

a. Short Duration Courses

- i. These are training programmes not exceeding six (6) months which shall be handled by FRSC Training Institutions (Academy & Training School). Apart from this, staff may be nominated and sent to Universities/ Government institutions offering similar short duration courses such as:
- ii. Centre for Management Development (CMD)
- iii. Civil Service College (CSC)
- iv. National Information and Technology Development Agency (NITDA)
- v. Digital Institute

- vi. Nigerian Army School of Supply & Transport
- vii. TV College/Nigeria Film Institute
- viii. Public Service Institute of Nigeria
- ix. Citizenship & Leadership Training Centre.

b. Part-Time Courses

The conditions for part-time courses shall be as follow:

- i. Approval may be given to staff to engage on part-time studies if the course is relevant to the commission.
- ii. Staff proceeding on part-time studies shall do so completely at his own expense for courses that will lead to the award of certificate, National Diploma (ND), Higher National Diploma (HND) and Bachelor's Degree.

c. Foreign Courses

- i. Staff of the rank of RC and above shall be considered for foreign courses, except where otherwise dictated by the needs/demands of the job or where offers of training from multilateral agencies or friendly donor countries specifically request participants of a lower rank.
- ii. It is good to note that staff selected for foreign courses shall be entitled to full sponsorship during the period of study according to financial regulations.

4.4 ATTAINABLE QUALIFICATIONS

Courses undertaken shall lead to the award of the following:

- i. Doctor of Philosophy (Ph.D.)
- ii. Master's Degree
- iii. Postgraduate Diploma
- iv. Postgraduate Certificate
- v. Bachelor's Degree
- vi. Higher National Diploma
- vii. National Diploma
- viii. Professional Certificate from Institution recognized by law

4.5 EDUCATIONAL SPONSORSHIP IN FRSC

Types of Sponsorship

- Full Sponsorship
- Partial Sponsorship
- Study Leave Without Pay

a. Full Sponsorship: Postgraduate and Masters Degree beneficiaries shall receive an amount for tuition, books and project as contained in the admission letter of the institution. The cost of accommodation and transportation shall be determined on location.

Specialized and professional courses undertaken at National Institute for Policies and Strategic Studies (NIPSS), National Defence College (NDC), Armed Forces Command and Staff College (AFCSC) and Administrative Staff College (ASCON), shall also receive full sponsorship and monthly allowance as follows:

i.	DCM	-	N100,000
ii.	ACM	--	N90,000
iii.	CC/DCC	-	N70,000
iv.	ACC/CRC	--	N60,000
v.	SRC/RC	--	N50,000
vi.	DRC/ARC	--	N40,000

Staff on full sponsorship shall also:

- i. Be released from duty
- ii. Be entitled to continuous payment
- iii. Be entitled to promotion during the period of study.

This category of staff shall maintain effective communication with management through TRG for the period of study.

b. Partial Sponsorship: Partial sponsorship may be enjoyed by staff who are to pursue higher degrees including PhD not exceeding 36 months for specialized courses. A maximum of N500,000 only shall be given to beneficiaries for tuition, books and projects for PGD and Master's degree programmes while a maximum of 1,000,000 for Ph.D.

c. Study Leave without Pay: If the course of study is relevant, approval shall be given to staff (Officers and Marshals) whose appointment has been confirmed and have served the corps for a minimum of five (5) years and such staff shall do so exclusively at their own expense. For courses leading to award bachelor's degree and above, the duration of which shall not be more than 48 months.

5. ISO 9001:2015 QMS

5.1 The Concept of ISO 9001:2015 QMS

FRSC as a best example of lead agency in Road Traffic Administration and Safety Management in Africa has developed its initiatives towards achieving excellence in service delivery based on a 3-pronged approach of People, Process and Technology.

The Concept of 'Process' of the tripod was pursued through the adoption of ISO 9001 (Quality Management System) in February 2008. This is one of the various standards of the International Organization for Standardization (ISO).

The Corps has been using the QMS to further the Corps' commitment to continually improve its effectiveness in serving the needs of Nigerians in the area of road safety. It has helped the Corps become more effective and maintain recognition by its customers.

This is a milestone that reflects FRSC true disposition as a determined organization that is committed to attaining excellence in all aspects of its operations and service delivery.

QMS is one of the best known international Standards code-named ISO 9001 by the International Organization for Standardization (ISO).

ISO is derived from the Greek word "ISOS" which means 'equal'. It Stands for International Organization for Standardization. It was established in 1947 with Headquarters in Geneva, Switzerland.

Each country is represented in ISO by the standards body of such country. Therefore, ISO is represented in Nigeria by Standards Organization of Nigeria (SON).

5.2 Pre-QMS era in FRSC

In 2007, FRSC, under the leadership of the then Corps Marshal and Chief Executive, Osita Chidoka took stock of the past, evaluated the present with a view to charting a new direction and more purposeful future for the Corps. This necessitated the introduction of QMS in the Corps and consequently spurred everybody in the Corps to action in order to make the Corps a world class organization.

The Corps began its journey into QMS world in 2008. Before then, FRSC activities were characterized by myriads of administrative lapses ranging from improper documentation, poor record keeping and overlapping job functions.

Lack of processes and procedures, increasing customer complaints, internal waste and damages, staff poor attitude to work, frequent breakdown of facilities, poor performance of staff, and other vices were the main reasons why the Corps embraced the implementation of QMS

5.3 Journey to ISO Certification

There are about 22,000 ISO Standards to date worldwide, covering various subjects/industries. But ISO 9001 is the most popular and acceptable. To address the above challenges bedevilling the Corps, QMS was used to seek improvement in line with global best practices, through: Involvement of the people - Everybody in the Corps was involved from the beginning.

In 2009, the entire FRSC Top Management team was trained on ISO 9000:2000 which was followed by the training of 80 Officers as Internal System Auditors. 68 qualified as Internal System Auditors with 60 proceeding to Lead Auditors.

Forty five of them eventually became Lead Auditors. A total of 452 processes were identified in the Corps and documented in the first ever FRSC Quality Manual developed alongside the Quality Policy. In the course of implementation, the Corps procured the services of a consulting firm that assisted with the Gap Analysis of the Corps.

In order to have direct supervision, Quality Management System Unit was established in the office of the Corps Marshal and Chief Executive.

Awareness programmes on how to achieve quality in the Corps' business as well as the need for commitment of staff to organizational goals took place in all FRSC formations.

Trained Internal System Auditors were used to evaluate the effectiveness of the system through internal system audits. Mock Audit of departments and Corps Offices at the HQs were conducted. ISO lectures were featured in most FRSC trainings and workshops.

The External System Auditors from the Standards Organization of Nigeria (SON) were used to also evaluate the effectiveness of the system through system audits. Internal efficiency was entrenched by establishing guidelines through the FRSC Quality Manual for everyone to follow easily.

5.4 What does ISO 9001:2015 cover?

- a. Based on PLAN-DO-CHECK-ACT methodology.
- b. Provide a process-oriented approach.
- c. Risk-based thinking

5.5 Benefits of ISO 9001:2015?

ISO 9001:2015 helps organisation to:

- a. Ensure their customers consistently receive high quality products and services.
- b. Create satisfied customers, Management and employees.
- c. Organise and improve the efficiency of processes Continually improve on its

- d. Credibility by proving to customers that its products and services meet expectation.
- e. ISO 9001 is positive for organisational image as it shows that you comply with internationally recognised quality standard.

5.6 The Role of Staff in the implementation of ISO 9001

- a. Know your job, do it well and on time.
- b. Be committed, responsible and remain accountable.
- c. Ensure your Working tools are available and well maintained.
- d. Be a team player.
- e. Maintain records/Evidence of assigned jobs.
- f. Suggest better ways of improving the system.
- g. Be ready for ISO 9001 System Audit of your work at any time.
- h. Be audit friendly and co-operate with System Auditors.
- i. Support the ISO 9001 implementation in your office.
- j. Remember you are very important; we cannot achieve ISO 9001 certification without your positive contributions.

5.7 Differences between ISO 9001:2008 & ISO 9001:2015

ISO 9001:2008	ISO 9001:2015
(a)	(b)
1. Preventive Measures emphasised	1. Risk-based thinking emphasised
2. Has 8 clauses	2. Has 10 clauses
3. Has 8 Principles	3. Has 7 Principles
4. Focused on only customers	4. All interested parties such as suppliers, personnel, shareholders, legislative bodies, society, internal customers etc. are considered.
	5. Strives to give additional momentum to the continuous and systematic improvement of processes within organisations through PDCA circle.

5.8 Challenges of ISO 9001:2015

- a. Resistance to change by some staff
- b. Misgivings about the concept of QMS
- c. Inadequacy of resources
- d. Inadequate equipment
- e. Low Budget

5.9 Quality Management System Principles

The QMS principles have changed from eight (8) in ISO 9001:2008 to seven (7) in ISO 9001:2015 with amendments to some of the former 8 principles as presented below:

S/N	ISO 9001:2008		ISO 9001:2015
(a)	(b)	(c)	(d)
1	Customer Focus	1	Customer Focus
2	Leadership	2	Leadership
3	Involvement of the people	3	ENGAGEMENT of the people
4	Process approach	4	Process Approach
5	System approach to management		*****
6	Continual improvement	5	IMPROVEMENT
7	Factual approach to decision making	6	evidence-based decision making
8	Mutually beneficial supplier relationships	7	relationship management

6. TABOOS IN PARA-MILITARY AGENCIES

A taboo is a vehement prohibition of an action based on the belief that such behavior is either too sacred or too accursed for ordinary individuals to undertake, under threat of supernatural punishment. Such prohibitions are present in virtually all societies. The word has been somewhat expanded in the social sciences to strong prohibitions relating to any area of human activity or custom that is sacred or forbidden based on moral judgment and religious beliefs. "Breaking a taboo" is usually considered objectionable by society in general, not merely a subset of a culture.

The following are taboos in all Para-military organizations:

- a. **Discrimination and harassment.** All personnel have the right to live and work in an environment free from harassment, discrimination and intimidation. As an Officer, you are required to carry your men and your colleagues along. Note that the assignment you have at hand can be better achieved through good team spirit.
- b. **Bullying** involves forcing other people to do things against their wish. It entails the use of physical strength or the abuse of authority to intimidate or victimize others or to give unlawful punishment. Bullying is an unacceptable behavior which will undermine trust and respect.
- c. **Social Conduct:** As personnel, you must not sexually abuse subordinates. Amorous relationship with the spouses and dependants of Officers and men in any form are not allowed.
- d. **Cult and secret societies:** All personnel are forbidden from associating with or being members of cult and secret societies.
- e. **Gambling:** It is ungentlemanly for serving personnel to engage in any form of gambling, except those organized by their Commands/ formations at social functions i.e. Tombola night, WASA, Regimental Dinner, etc.
- f. **Drunk and reckless driving:** All personnel either in service or personal vehicles must avoid drunk and reckless driving and driving under the influence of alcohol.
- g. **Smoking:** It is against paramilitary discipline for serving personnel to smoke while on parade ground. They must not smoke with headgear on. While it is permissive to smoke outdoors, it must not be done at formal ceremonies. In public places do not light up without asking other persons present "Do you mind if I smoke?" FRSC forbids her personnel from smoking in any occasion that is organized by the Corps'.

It is indecent for paramilitary personnel to be seen smoking while in uniform on the following occasions;

- When saluting
- Moving outside his office
- Marching with Officers and Marshals
- On parade ground
- Acting as a reviewing Officer
- At the conference or lecture unless permitted to do so by the senior Officers present

h. Cosmetics and Jewellery: Gentlemen do not go around highly scented or with powder puff marks on the face, neck, or ears. It is improper for Officers or men to wear beads, bangles or chains while in uniform. When spraying perfume, Officers should not spray it directly on their uniforms to avoid stains.

i. Use of Language: Personnel shall not use abusive language on themselves. Mutual respect must exist in all aspect of their relationship.

j. Respect for ones' and others families: Personnel are to respect their families. A man or woman should be a partner at home to the wife or husband and not a dictator. There must be mutual respect and concern between and among families. It is unethical to have amorous relationship with wives, husbands, daughters, sons or wards of fellow service personnel. Fighting or any form of violence must be avoided within and outside the family.

k. Marriage of Officers to Men: If an Officer and the other rank in service want to be married, either of them must relinquish his or her commission or discharge from the organization before marriage. It is unethical and must never be allowed for Officers to marry other ranks. This is to ensure that decorum and a high level of respect exists within the organization.

7. PARADE AND QUARTER GUARD REVIEW

Parades are aimed at showcasing the level of discipline, expertise and strength of the nation, command or unit. In simple words, parades can be described as the uniform and orderly display of men and materials. Parade is divided into two: Routine and Ceremonial parades.

7.1 TYPES OF PARADE

a. Routine Parade:

These are parades that are carried out almost on daily basis. This type of parade is usually called to either pass information or for inspection purposes. The following are examples of routine parades.

- i. **REVEILLE:** This is the first bugle call sounded in the early hours of the morning at exactly 0600 hours. It is meant to signify the commencement of the day's activities during this period; the National flag will be hoisted.
- ii. **RETREAT:** Retreat is sounded at sunset to signify the end of the day's activities i.e. lowering the national flag and to notify sentries to start challenging intruders until sunrise.
- iii. **TATTOO:** Tattoo is an outdoor show with the use of bugle at night to check men on daily basis after the day's work. This is to ensure that all personnel are back and complete in the barracks.
- iv. **QUARTER GUARD:** Quarter Guard are mounted to showcase the discipline, alertness and readiness of the command.
- v. **CHANGE OF QUARTER-GUARDS:** Change of Quarter Guard parade is mounted weekly in a command to signify the end of duty for a Quarter Guard.
- vi. **RSM PARADE:** RSM parade is more or less a rehearsal for the Commanding Officer parades.
- vii. **COMMANDING OFFICER'S PARADE:** Commanding officer's parade is held at RSHQ, Zones, Sectors and Unit Command levels. In FRSC it is referred to as muster parade.

b. Ceremonial Parades

Ceremonial parades are parades conducted to mark important ceremonies. In ceremonial parades people are invited within and outside the commission to witness it. It is usually inspected and reviewed by a Reviewing Officer who is often selected from military, Para-military or a highly placed Civilian. In ceremonial parades, officers and Marshals are expected to dress in their number one (1) uniform, otherwise known as ceremonial uniform.

7.2 CHARACTERISTICS OF A REVIEW OFFICER

- a. A Reviewing Officer is a commissioned senior Officer.
- b. A highly charismatic leader.
- c. Has an eloquent personality.
- d. A highly disciplined officer.
- e. A very neat gentle man officer.
- f. A highly comported officer.
- g. He is well knowledgeable in regimentation.
- h. Must be an officer that is focused.

7.3 QUARTER GUARD

Quarter Guard is mounted to show case the discipline, alertness and readiness of the command. They are inspected by commanding Officers on daily or weekly basis as may be convenient and also by visiting special guests to the commands. The quarter guard consists of 9 Marshals; an SRMA AS GUARD COMMANDER, a Sentry, 6 RMAIII and a Bugler. The Sentry is at the right side of the Quarter Guard, followed by the Bugler. The third man is the Quarter Guard Commander and the rest of the Guards. During the inspection, the best turned out Marshal among the RMAIIIs is selected as the stick orderly to the commander/commanding officer for the day.

7.4 SEQUENCE OF INSPECTING QUARTER GUARD

- a. The Sentry is usually positioned at the Quarter Guard for the duty of the day. In that position the Sentry calls out to the remaining Guards by calling out

- b. "Turn out the guards, guard turn up"
- c. The Quarter Guard Commander in the Guard room with the remaining guards comes to attention and gives them the word of command to attention then he gives them the word of command "shoulder arms" and then followed with the word of command "move to the right in single file right turn". After which he marches them to the Quarter guard to align with the Sentry.
- d. On the Quarter Guard, the Guard Commander gives "mark time" and give the "Guard Halt" followed by "With advance left turn" then "ulder arms". The Guard Commander gives the command "dressing! Right dress" (in taking dressing all the guards look right while the Sentry looks straight). He finally calls "Guards eyes front" then "stand at ease". And wait for the Reviewing Officer.
- e. Quarter Guard Commander calls the Guards to attention and shoulder arm as the Reviewing Officer mounts the saluting dais.
- f. The Quarter Guard Commander will give the command "General salute present arms". As the movement begins the Reviewing Officer remains still, the Reviewing Officer only salutes as the right foot of the Guards move a little to the back of the left foot.
- g. The Bugler blows the bugle for the "General salute". As he completes this, the Quarter Guard Commander will give the command "shoulder arms" and the Guards will move the riffle to the right hand side and as the foot comes to its former position of attention, the Reviewing Officer drops his hand at the same time with the Guards.
- h. The Quarter Guard Commander moves a pace forward, halt and salutes with his riffle and the Reviewing Officer receives the salute and drop his hand to the side. The Quarter Guard Commander then introduces himself and the guards to the Reviewing Officer and thereafter invites him for inspection.
- i. The Quarter Guard Commander moves a pace backwards to his position and commands the Guards to "ulder arms". Thereafter, the Reviewing Officer will start inspecting the Guards from the right hand side of the Quarter Guard. He will inspect both front and back of the Guards and return to the saluting dais by passing between the Sentry and Bugler.
- j. After the inspection, the Guard Commander gives the command "General salute present arms" then the Bugler blow the Bugle. After the general salute the Guard Commander will take a pace forward, salute the Reviewing Officer with his riffle and ask for permission to dismiss the Guards into the Guard room. Once the permission is granted, he salutes again and takes a pace backward to align with the other members of the Guard.
- k. The Quarter Guard Commander gives the command "Sentry stand fast, remainder Guards into the Guard room dismiss". While this is being done,

the Reviewing Officer will remain in his position. With the command "dismiss" the Guards will turn to the right, hi-port their riffles, look to the left at the direction of the Reviewing Officer at the same time the Sentry will take a step forward and present arm as the Guard turn right, the Reviewing Officer will salute, thereafter the Guards will turn their face to the front and march off to the Guard room. After that he disembarks the saluting dais and proceeds to the parade ground.

8. HARMONIZATION AND DIGITALIZATION OF DRIVER'S LICENCES IN NIGERIA

Prior to 5th Feb 90, the driver's licence was a booklet type of about twelve pages issued at different Motor licensing Authorities of the Federation, which was expected to be renewed yearly, or otherwise depending on the states. Each state was expected to maintain a central registry but there was no National database of licensed drivers.

The Corps discovered that the carnage on our highways had its roots in some remote factors like; the training of Drivers, Licensing of Drivers and enforcement of Road Traffic regulations. However, licensing regime were characterized by:

- a. Different types of DLs as the number of states in the Federation.
- b. Irregularity in the data of applicants on DL from state to state.
- c. Inconsistency in data capture format from state to state.
- d. Inability to identify and track traffic offenders
- e. Inability to sanction traffic offenders
- f. Lack of centralized NDL database

8.1 HARMONIZATION

A nationally harmonized and digitalized licensing system was muted in 1989 by the Federal Road Safety Corps, which led to the birth of the first production of National Driver's Licence (NDL) in 1990.

Acknowledgment

It was acknowledged by all the stockholders that the driver's licencing system was not good enough for the country and there was the need to evolve a better system.

Engagement

Stakeholders agreed to anchor the process of producing NDL on a tripartite agreement. This is to include the Federal Road Safety Corps (FRSC), Vehicle Inspection Officers (VIO) and States Board of Internal Revenue (BIR/MVAA) under the auspices of the Joint Tax Board (JTB).

8.2 SHARED RESPONSIBILITIES

- a. Federal Road Safety Corps (FRSC) , responsible for the design and production of NDL.
- b. Vehicle Inspection Officer (VIO), in charge of testing the legibility of potential driver before a NDL is issued.
- c. Board of Internal Revenue (BIR/MVAA) saddle with the responsibility to determine the fees paid for NDL and ensure the distribution of NDL to owners after the production.

8.3 LEGAL FRAMEWORK

The NRTR 2012, Section 42. (a, b, c, & e) empowers the Corps to:

- (a) Establish and maintain a Central Data Bank for vehicles and Drivers for the Federation
- (b) Every motor Licensing Authority in any State of the Federation shall provide to the Commission copies of any records, documents or particulars in respect of vehicles and licensed drivers.
- (c) The Commission shall keep records of all registered vehicles, licensed drivers and transport operators in the Central Data Bank.
- (d) Any record kept in the Central Data Bank may on request be made available by the Commission to the Police or any other authority
- (e) The Central Data Bank shall operate as the National Central Motor Registry and the Corps Marshal shall be the Registrar.

8.4 DIGITALIZATION

Digital technologies are used in the production of NDL to change its business model and provide new values for the NDL

Evolution of Digitalization of NDL in Nigeria

The harmonization and digitalization of NDL scheme commenced on 5th, Feb 1990 with Stand-Alone Computer Machines. (A device that is self-contained, one that does not require any other devices to function).

Only the applicant's Bio-data (Name, date of birth, address etc) were captured on the computer system, while Bio-metrics (Passport, Thumb print and Signature) were manually placed on the Driver's Licence (DL) cards. The DL cards were laminated at the Nigeria MINTS to ensure its authenticity and security.

Before the end of 1992, the Corps acquired a MINI Frame Computer (MV1500) connected to about 37 Desktop computers (each computer represented the states of the federation and FCT) in a Local Area Network to capture Bio-data in the databank and tabletop scanners, scanned applicants Bio-metrics images from the application form into the driver's licence cards before it was laminated at the Nigerian MINTS.

Only the Bio-data were stored in the Databank at this stage and the production of NDL was centralized at Ojodu, Lagos.

Between 1994 and 1995, the Corps decentralized the production of the NDL from one production center in Lagos to three centers one each in Lagos, Kaduna and Enugu to ensure effective service delivery and promote efficiency

The three centers sent weekly data backup in floppy diskettes to the central databank in Lagos.

By 1997, the Corps migrated to the use of Polyvinyl chloride (PVC) card in the production of NDL and was tagged Enhanced National Driver's License (ENDL).

The production of NDL was further decentralized; each state had at least a NDL production outlet known then as Information Processing Centre (IPC).

8.5 Types of NDL in Nigeria (from inception to date)

- a. Booklet Driver's Licence (... - 1990).
 - b. National Driver's Licence (1990 -1997).
 - c. Enhanced National Driver's Licence (1997 - 2005).
 - d. Customised National Driver's Licence (2005 - 2011).
 - e. Upgraded National Driver's Licence (2011 TO DATE).
- Unlike the previous stage, each IPC was equipped with desktop computer, camera, thumbprint pad, signature pad and printer to produce NDL.
 - A weekly backup of both the Bio-data and Bio-metrics were sent to the Central Data Bank (CDB) with the aids of floppy diskette.
 - The out-going commanding Officer returns to the saluting dais to receive "THREE HEARTY CHEERS". After this, general salute will be rendered and then the parade commander will march towards him and take permission to carry on with the parade. Then the parade marches out in column of routes.

8.6 NDLS 2008 REVIEW

FRSC undertook a review of the National Drivers Licence Scheme (NDLS) in 2008. This review covered several key aspects of the NDLS including Information Systems, Processes and People and the Key findings from the review included the following:

- Significant number of drivers' licences existing outside the system
- Possibility of obtaining licences under different identities.
- The out-going commanding Officer returns to the saluting dais to receive "THREE HEARTY CHEERS". After this, general salute will be rendered and then the parade commander will march towards him and take permission to carry on with the parade. Then the parade marches out in column of routes.

To resolve the identified issues with the previous scheme, the following recommendations were put forward to the Corps:

- Implementation of a robust biometric verification system for driver's licence holders
- Adoption of a one-stop-shop where all participating agencies will be co-located

- Accreditation of driving schools
- Accreditation of driving instructors
- Implementation of uniformed testing standards

FRSC proceeded to implement the recommendations from the review of the previous NDL scheme. A new and improved scheme was introduced in 2011 known as the Enhanced National Driver's Licence Scheme (ENDLS). The enhanced NDLS improved on the following functional areas of the previous scheme:

- **IT Systems:** There was an introduction of new IT Systems to support the Drivers Licence process. Some of the systems implemented were;
 - a. Identity Management System (Demographics and Biometric Systems)
 - b. Card Production System (Print factory)
 - c. Drivers Training and Testing System (DSSP)
 - d. Biometric Investigation System
 - e. Inventory Management System
- **Processes:** New and improved processes for application of drivers licence were introduced. The processes covered:
 - a. Drivers Training
 - b. Licence Application.
 - c. Data capture.
 - d. Identity management.
 - e. Licence printing and dispatch.
- **People:** People: Continuous training for FRSC personnel on various aspects of the scheme and systems.

9. FRSC IN THE NEXT DECADE (2018 - 2028)

9.1 SUSTAINABLE DEVELOPMENT GOALS (SDGs)-2030

In the next decade the Corps is focused on achievement of the Vision 20:2020 articulated by the Nigerian government to launch the nation onto a path of sustained social and economic progress and accelerated emergence of a truly prosperous and united Nigeria, placing her among the top 20 economies in the world by the year 2020.

Fundamental to the Vision are two broad objectives - optimizing human and natural resources to achieving rapid economic growth, and translating the growth into equitable social development for all citizens.

In the same vein, the Corps has relevance in 6 of the 17 Sustainable Development Goals (SDGs) expected to end in year 2030

However, these dual aspirations may not be achieved if the nation continues to lose a huge number of its citizens, particularly the productive youths, to road traffic crashes.

Goal Number 2:

End hunger, achieve food security and improved nutrition, and promote sustainable agriculture

Globally, 30-50 percent of food production goes to waste because of inefficient preparation or inadequate storage facilities. The Corps will ease movement of farm produces across the nation's road network to the markets thereby reducing losses associated with value degeneration of produces which in turn impacts on profitability and nutritional value. Farmers' interest in agriculture will also be boosted arising from profitability such that agriculture as alternative national source of income becomes enshrined as many more unemployed Nigerians would go into agriculture thereby reducing unemployment.

Prices of food will also reduce. All of the above will assist to guarantee food security, since **Food security** is a condition related to the supply of food, and individuals' access to it.

Goal Number 3:

Ensure healthy lives and promote wellbeing for all at all ages

The Corps intends to drive swifter towards achieving a country where road traffic crash results in no death. Consequently, it will ensure improved response time to road traffic crash scenes and all other traffic distresses.

It will effectively ensure RTI is contained in the domain of epidemic requiring consistent management of road traffic crash victims, including evacuation and hospital follow-up mechanisms. Travels made possible by motor vehicles will also support economic and social development in many countries. Acquisition of an Air Ambulance will aid emergency evacuation of RTC victims.

The Community First Responder Scheme will equally be enlarged; more communities would be brought into the programme while training and development will be enhanced such that the 'Golden' period after RTC can be effectively taken advantage of such that deaths arising from RTCs can be reduced.

Goal Number 4:

Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all

The Corps will achieve fully up-grade the FRSC Academic to a center of excellence in road safety management in Africa. It will also provide Post Graduate Diploma in other fields of endeavour.

The Training School will equally be up-graded to Certificate and diploma awarding institution. By these, both institutions would create more space for higher education for the teeming Nigerians desiring same.

Remodeled Road Safety Clubs

The Corps also will re-organize and revitalize Road Safety Clubs such that the nation's teeming youths can be better oriented on road safety so that their lives are not cut short due to negligence or inadequate information.

Road Safety content in schools' curriculum

Road Safety content in schools' curriculum will be enhanced, in conjunction with the Federal Ministry of education, the National Universities Commission and other relevant educational institutions/bodies such that the teaching of road safety becomes specialized courses in tertiary institutions in Nigeria.

The FRSC Academy and Training School

The FRSC Academy and Training School, aside from providing for FRSC personnel development would be open to qualified Nigerians who may wish to pursue Post Graduate, Diploma or Certificate courses in many fields of endeavour that they would offer.

The two institutions would also be available for intensive capacity development of personnel of States traffic agency. Through this window more Nigerians are equally bound to be better literate and enlightened.

Goal Number 8

Decent Work and Economic Growth

By creating employment opportunities for Nigerians and sustaining the implementation of;

- Road transport safety standardization scheme (RTSSS).
- Driving school standardization programme (DSSP)

Goal Number 11

Make cities and human settlements inclusive, safe, resilient and sustainable

- The Corps intends to push through, in conjunction with stakeholder, including the Society of Town Planners, that schools and market as well as all other human activities conflicting with the road or traffic are eliminated in order to make our cities and human settlements safer for all to enjoy fuller lives.
- With improved road traffic administration and safety management, Nigeria roads would be safer and attract foreigners to the country who can commute safely without any fear. It will also impact on Nigerians as ease of commuting would be enhanced, along with its social activities.

Goal Number 13

Take urgent action to combat climate change and its impacts (taking note of agreements made by the UNFCCC forum)

Periodic Technical Inspections of vehicles will be made effective in terms of compliance and efficiency, ensuring that vehicles are at, or above, complying with minimum safety level at the time of test and it is also be a cost-effective compliance enforcement tool. Inspection shall cover:

- a. Identification of the vehicle
- b. Exhaust emissions
- c. Noise emission

- d. Other safety and environment requirements listed in the UN Rule.
As well as enforcement of Excessive Smoke Emission (ESE)

Goal Number 17:

Strengthen the means of implementation and revitalize the global partnership for sustainable development

Strengthen Nigeria Road Safety Partnership (NRSP), GPA-PRI, UN road safety facilities/ platforms, including implementation of Conventions accented to by Nigeria and other developmental ones in line with national interest.

9.2 ROAD SAFETY FUNDING

To accomplish the above lofty goals, the Corps intends to latch on the following avenues for funding:

- a. Establishment of Road Safety Fund. This is in tenet with the Nigeria Road Safety Strategy provision.
- b. Exploit the 10% cost of new road construction recommended for road safety enhancement.
- c. Partnership funding from international donor agencies/organizations and other partners.
- d. Capacity development opportunities availed by organizations, local and foreign.
- e. Fund will aid accomplishment of the following:
 - i. Auto logistics Progressive Projection in the decade
 - ii. Commands / Facilities Expansion
 - iii. FRSC Owned/Permanent Offices
 - iv. Personnel Projection

9.3 ROBUST ROAD SAFETY STRATEGIES

- a. Full functionality of NaRSAC Personnel improvement and increase in Commands formation/full dispensation of responsibilities by all sectors of
- b. Robust data management national security
- c. 50 km radius in accordance with Country Capacity Review

9.4 INTEGRATED STAKEHOLDER APPROACH TO ROAD SAFETY

- **IMPROVED DATA MANAGEMENT**

- a. 100% hospital follow up
- b. Comprehensive Registration of vehicles
- c. 2-DT Crash Investigation

- **INTEGRATED STAFF WELFARE**

- a. Accomplishment of Vision 20,000 housing scheme
- b. Safeline micro-finance bank expansion
- c. Enhanced Post Service Scheme
- d. Enhanced Mega Cooperative Society
- e. Inauguration of the FRSC Retired Officers' Association
- f. 25% of Personnel quartered

- **ADVANCEMENT IN ROAD SAFETY OPERATIONS AND MANAGEMENT**

- a. Recovery Vehicles
- b. Patrol vehicles fully kitted with virtual enforcement devices, Protective, authority and other devices
- c. 100% e-enforcement
- d. Strengthen Establishment Act in line with emerging issues in road safety.
- e. 50% of FRSC Commands and facilities nationwide fully developed/owned by the Corps.

f. Full mobile and customized patrol operations.

- **ENHANCED SPECIAL MARSHALS AND PUBLIC ENLIGHTENMENT**

- a. Re-organized and re-oriented Special Marshals (including Road Safety Clubs).
- b. Grand Patron and State Patrons Special Patrols
- c. Public enlightenment: Robust FRSC Traffic radio broadcast

9.5 REGULATORY ROLE

The Corps will consolidate on its efforts at helping all States to have a functional Traffic Management Agency that will be efficient to drive Road Safety Administration and Enforcement. The Corps' concentration will be on federal and inter-State roads while oversight functions to States will not cease.

9.6 UPDATE VERSIONS OF ISO 9001:2008 AND ISO 39001: 2012

With successes in the implementation of ISO 9001:2008 QMS, ISO 39001:2012 Road Traffic Safety (RTS) Management Systems is the focus for enhanced of road safety administration in Nigeria.

9.7 IMPLEMENTATION OF 10% RULE

The Corps will work to ensure that the World Bank recommendations to G8 to dedicate 10% of all road contracts to safety component are accomplished.

9.8 OPTIMAL FUNCTIONING OF THE SIGNAGE PLANT

The road signage plant will be enhanced to meet the production demand from customers.

9.9 FULL ARMS DEPLOYMENT

Arms deployment is critical to secure critical infrastructures and aid law and regulations enforcement.

9.10 FRSC IN THE NEXT DECADE

- a. **Timely Delivery:** Customer satisfaction to ensure removal of bottlenecks in Driver License and Number Plate production.
- b. **Insurance Policy:** A percentage of motor vehicle insurance premium should go to FRSC (working with NAICOM).
- c. **Academic Staff:** Academic Staff of the Academy / Training School should be allowed to develop their career
- d. **Establishment of Staff School:** Staff Schools for both Primary and Secondary should be established at the Headquarters and each Zonal Offices and FRSC Estates.

- e. **Retired Officers Association:** Retired Officers Association should be established
- f. **Chaplaincy/Imam for the Corps:** These two offices should be created at the Headquarters and the State Commands.

9.11 NEW OUTLOOK FOR OUR PATROL TEAM/FACILITIES

- a. **Staff College:** Staff College to be established in order to accommodate other agencies on issues of road safety.
- b. **Legal Personnel:** More lawyers to man mobile courts. Increase in mobile court sittings from the present 200 to 4000.
- c. **Road Furniture:** States to patronize the signage plant. FMoW to also patronize the plant in the next decade.
- d. **Retiring Staff:** Skill acquisition as a pre-retirement vocation for Staff retiring in 3 years' time.
- e. **RTC Investigation:** Injection of modern equipment that will enhance road traffic crash investigation
- f. **Traffic Radio:** Radio/TV station to be established for the dissemination of information
- g. **Use of Technology by Operatives:** Use of body camera by Staff while on duty. CCTV in all formations linked to the national Headquarters.
- h. **Common Room:** Establishment of a common room in all the Command for Staff in Stand-by facilities
- i. **National Drivers Licence Expansion:** More work stations to capture prospective applicant for NDL to be established (500) at least
- j. **Vehicle Maintenance Workshop:** State-of-the-art vehicle maintenance workshop with body work and spray painting, Mechanic/ electrical workshop, Wheel balancing and alignment.
- k. **National Headquarters:** National Headquarter building be isolated from other agencies (i.e. a building that is ours). A fuel dump that will service the fleets of the Corps in a separate location
- l. **Rescue Services:** Rescue should be fully professional with Staff and equipment. Ambulances with Advance Life Support equipment. Hospital follow-A provision at the Command level should be made to carry out this.

The ultimate aim of the Corps is to have a country where Road Traffic Crash results in no Death

10. UN CONVENTIONS ON ROAD SAFETY

The United Nations Conventions was reawakened as a result of the twelve (12) voluntary Global Performance targets which were developed at an intergovernmental meeting in November 22, 2017.

TARGET 1 2020  Target 1: By 2020, all countries establish a comprehensive multisectoral national road safety action plan with time-bound targets.	TARGET 2 2030  Target 2: By 2030, all countries accede to one or more of the core road safety-related UN legal instruments.	TARGET 3 2030  Target 3: By 2030, all new roads achieve technical standards for all road users that take into account road safety, or meet a three star rating or better.	TARGET 4 2030  Target 4: By 2030, more than 75% of travel on existing roads is on roads that meet technical standards for all road users that take into account road safety.
TARGET 5 2030  Target 5: By 2030, 100% of new (defined as produced, sold or imported) and used vehicles meet high quality safety standards, such as the recommended priority UN Regulations, Global Technical Regulations, or equivalent recognized national performance requirements.	TARGET 6 2030  Target 6: By 2030, halve the proportion of vehicles travelling over the posted speed limit and achieve a reduction in speed-related injuries and fatalities.	TARGET 7 2030  Target 7: By 2030, increase the proportion of motorcycle riders correctly using standard helmets to close to 100%.	TARGET 8 2030  Target 8: By 2030, increase the proportion of motor vehicle occupants using safety belts or standard child restraint systems to close to 100%.
TARGET 9 2030  Target 9: By 2030, halve the number of road traffic injuries and fatalities related to drivers using alcohol, and/or achieve a reduction in those related to other psychoactive substances.	TARGET 10 2030  Target 10: By 2030, all countries have national laws to restrict or prohibit the use of mobile phones while driving.	TARGET 11 2030  Target 11: By 2030, all countries to enact regulation for driving time and rest periods for professional drivers, and/or accede to international/regional regulation in this area.	TARGET 12 2030  Target 12: By 2030, all countries establish and achieve national targets in order to minimize the time interval between road traffic crash and the provision of first professional emergency care.

These voluntary targets which is a response to the need on improving global road was welcomed by the United Nations General Assembly when government delegations met in April 2018 and made resolutions on "Improving global road safety"

Specifically, Target 2 intends to have all countries accede to one or more of the core road safety-related United Nations legal instruments by 2030.

The drive for accession and domestication of the United Nations core road safety-related legal instruments which may be categorized broadly into five groups:

- a. Traffic rules,
- b. Road signs,
- c. Vehicle regulations,
- d. Transport of dangerous goods, and
- e. Professional driver fatigue

Road Traffic Crashes in Nigeria kill an estimated 21 persons out of every 100,000 people, according to WHO estimates.

Together with this, there is an estimated 3% loss of the country's Gross Domestic Product annually.

In an attempt to reverse the above trend, and align with global prescriptions/initiatives, Nigeria became the 78th country to assent to the 'Vienna Convention on Road Signs and Signals' six (6) months after a capacity building national workshop on road safety organized by the Federal Road Safety Corps in November 2017.

At the workshop, UNECE which is the host of the conventions raised awareness of six key UN road safety conventions and Nigeria has acceded to all of them.

These conventions - covering road signs and road markings, road traffic, transport of dangerous goods and vehicle safety - address the major causes of road crashes.

The 2015 Mid-Term Review of the African Road Safety Action Plan ranked Nigeria among the top three best performing countries in Africa on road safety. However, an holistic efforts are urgently needed to save more lives on our roads. The UN Road Safety Conventions therefore offers a concrete contribution in this regard.

These accents helped Nigeria's action on improving its road safety situation, guided by its National Road Safety Strategy.

Nigeria is among few countries in Africa to have assented to the Vienna Convention adopted by the UN General Assembly on November 8th 1968 which became effective on May 21, 1977.

Nigeria is also a member of the Advisory Board of the United Nations Road Safety Trust Fund which is an effort to address the global road safety situation by bridging the gaps, and mobilization of resources to ensure the effective coordination of action at all levels.

This move by the Corps earned her commendations from the United Nations Secretary-General's Special Envoy for Road Safety, Jean Todt who stated that the Government of Nigeria has reaffirmed its strong commitment to improve road safety while calling on all countries to follow this example.

As host to the United Nations road safety Conventions, UNECE Executive Secretary, Olga Algayerova, welcomes Nigeria's accession to these key agreements and affirms its readiness to support Nigeria for its effective implementation to save lives on our roads.

This landmark in the history of the country and testament of the Government's prioritization of road safety management should inspire other countries especially in the sub-region to join the Conventions and strengthen their efforts. To this end, it is recommended that every member states here present take this opportunity and key to these initiatives.

List and imperatives of the six (6) United Nations road safety Conventions recently accented to by Nigeria.

On 18 October 2018, Nigeria acceded to the following agreements:

- **1968** Convention on Road Traffic (enters into force 18 October 2019);
- **1968** Convention on Road Signs and Signals
- The 1968 Convention provides rules on all aspects of road traffic and safety, and serves as a reference for national legislation. It describes all road user behaviour, drivers' responsibilities and pedestrians' responsibilities; in order to promote safe road user behaviour.

The Convention provides over 250 commonly agreed road signs, signals and road markings. It classifies road signs into three classes (danger warning, regulatory and informative), defines each and describes their physical appearance to ensure visibility and legibility. It focuses on safe infrastructure which contributes to safer mobility.

- **1958** Agreement concerning the Adoption of Harmonized Technical United Nations Regulations for Wheeled Vehicles, Equipment and Parts which can be Fitted and/or be Used on Wheeled Vehicles and the Conditions for Reciprocal Recognition of Approvals Granted on the Basis of these United Nations Regulations (enters into force on 17 December 2018);

The agreement provides the legal framework for adopting uniform UN Regulations for all types of wheeled vehicles manufactured, specifically related to safety and environmental aspects. It covers over 140 UN Regulations (such as **helmets, braking, tires safety belts**). Parts and equipment that have been approved

against these high safety requirements carry the E-marking, an important sign for the industry and consumers. It improves safety and environmental performance, facilitates international road traffic and removes technical barriers to international trade. It promotes safe and environmentally friendly vehicles.

- **1997** Agreement concerning the Adoption of Uniform Conditions for Periodical Technical Inspections of Wheeled Vehicles (enters into force 17 December 2018);

The agreement provides the legal framework for the inspection of wheeled vehicles and for the mutual recognition of inspection certificates for cross-border use of road vehicles. Its rules cover environmental behavior and safety of vehicles in use. The agreement promotes keeping vehicles environmentally friendly and safe throughout their lifetime.

- **1998** Agreement concerning the Establishing of Global Technical Regulations for Wheeled Vehicles, Equipment and Parts (enters into force 17 Dec 2018);

The agreement serves as the framework for developing global technical regulations for vehicles on safety and environmental performance, including electronic stability control, pole side impact, and emissions tests among others. New regulations are added as needed to keep up with progress on safety and technology

- **1957** Agreement concerning the International Carriage of Dangerous Goods by Road (ADR) (enters into force 18 Nov 2018).

This agreement and its annexes, which are updated every two years, outline the highest level of safety acceptable to all Contracting Parties for permitting transport of dangerous goods by road on their territories, taking duly into considerations cost/safety benefits. It defines the dangerous goods that may be transported internationally - and the transport conditions - and sets requirements for operations, driver training and vehicle construction. With performance-tested, certified and periodically inspected transport equipment and vehicles, top trained drivers and a well-established efficient system of hazard communication for emergency response, we achieve safer road transport operations.

10.1 Benefits of Road Safety Conventions

- Road Safety Management has emerged as a top development priority for Africa, which has seen the highest rate of road traffic fatalities in the world despite comparatively low levels of motorization.
- Africa, like the rest of the world, is witnessing a road safety crisis. With the highest per capita rate of road fatalities in the world, road deaths in sub-Saharan Africa are projected to be more than double from 243,000 deaths projected for 2015 to 514,000 by 2030.

- This increase will see road fatalities overtake the number of malaria-related deaths in the region. In fact, while fatalities from both HIV/AIDS and malaria are projected to decline, road fatalities will continue to increase if nothing deliberate is done.
- In order to tackle this menace on our road, the region has the opportunity to learn from other country's experience. Creating or strengthening the capacity of road safety agencies will be an important part of that process. Thus, the recommendation for all to accent to these global conventions.
- Effective implementation of the UN road safety Conventions are a key priority for improving global road safety, particularly in low and middle-income countries, where 90% of road traffic fatalities occur.
- With death toll of 1.35 million people and an estimated \$1.85 trillion economic cost each year, addressing road safety in Africa is vital to global efforts to achieve the ambitious 2030 Agenda for Sustainable Development.
- Moreover, the rapidly growing numbers of vehicles, road users, increased trade, globalization and urbanization, coupled with staggering global road traffic injury rates underline the critical need to actively promote road safety.
- UNECE and the Secretary-General's Special Envoy for Road Safety worked with the Government of Nigeria to promote accession to these Conventions, mobilizing political commitment and supporting the accession process, building knowledge and capacities of government officials.

10.2 How to Become a Contracting Party

- For clarity, there are six priority UN road safety conventions as accented to by Nigeria and these conventions are effective and open to all UN member States which are Contracting Parties.
- Ratification to the treaty is required for signatory but becoming a Contracting Party to a Convention after it has already entered into force requires accession which is a legal document.
- The accent procedure is done by submitting "an instrument of ratification or accession", to the Secretary-General of the United Nations, signed and sent via Permanent Missions to the United Nations in New York to the Secretary-General of the United Nations.
- In practice, the Treaty Section of the Office of Legal Affairs at the United Nations Headquarters (New York) will receive, review, and accept in deposit the instrument of accession.
- The instrument of accession can only be signed by the Head of State, Head of Government or the Minister for Foreign Affairs. Becoming a Contracting Party to these UN road safety Conventions does not involve any financial obligation or fee.
- This, in some cases, means that Parliament has to agree, or that the Constitutional court of the country has to examine the treaty in question

and to provide a formal confirmation that the instrument in question does not contradict the Constitution (judicial review).

- a. In other cases, various councils or other institutions within the government have to give their approval before accession can be sent.
- b. Before a Head of State, Head of Government or Minister for Foreign Affairs signs and deposits an instrument of accession with the Secretary-General, domestic constitutional procedures usually have to be followed for a State to make a formal decision to become a Contracting Party to these Conventions.

By experience, it is effective for the national authorities involved to:

- a. Translate the legal instrument into the national language;
- b. Conduct and provide a cost-benefit analysis, outlining the resources (fiscal or human) required for implementation;
- c. Determine a list of any required national legal reforms;
- d. Consult with industry representatives and civil society to ensure full transparency and legal certainty for everyone affected by the new rules.

It is imperative to emphasize here that the UNECE is the host overseeing the UN legal instruments and played critical role in actualizing this feat for Nigeria.

11. OVERVIEW OF FRSC IT PLATFORMS

THE LIST OF FRSC e-APPLICATIONS

12. PUBLIC MEDIA RELATIONS (PR)

Public Relation is the planned and sustained effort to establish and maintain understanding between an organization and the public.

12.1 FUNCTIONS AND OBJECTIVES OF PR

- To inform the public about the organization's objectives.
- Interact with various government and non-governmental departments for smooth running of the agency.
- To build and sustain a healthy image in the minds of the masses.
- To manage crisis situations.
- Maintain good media relations.
- To use various PR tools to achieve the goalsMaintain the prestige of a favourable image
- promote the product and service
- Maintain goodwill among the corps, the public and other stake holders.
- Educate the public on the use of the product and service.
- Investigate the attitude of various groups towards the policies, etc.

12.2 ACTIVITIES OF PR AND SOME TARGET AUDIENCE

- Monitor the media daily to identify and differentiate geniality from prejudice.
- Develop your speaking ability and make friendship (at least three people a day).
- Observe the PR activities in your agency and prepare a list for follow-up.

12.3 TARGET AUDIENCE

- The community
- Opinion leaders
- The media
- The employees
- The suppliers
- The customer (users of product)
- Financial contacts, eg, bankers, stake holders, etc.

12.4 CHALLENGES AGAINST THE FRSC CORPORATE IMAGE

- Tendency to resist change.
- Inadequate fund.
- Sabotage.

- Inconsistent policies.
- Lack of good communication skills

12.5 WAY FORWARD

- Corporate social responsibility (CSR).
- Effective interaction with public.
- Maintain a dynamic website containing news on achievement of the Corps.
- Insist on standard and excellence in product quality and service delivery.
- Improve your knowledge of speech situations.

12.6 KEY PUBLIC RELATIONS TOOLS

- Media relations
- Media tours
- Newsletters
- Special events
- Speaking engagements
- Sponsorships
- Employee relations
- Community relations and philanthropy

12.7 FRSC OFFICERS AS PR PRACTITIONERS

- Counsel management based on the understanding of human behaviour
- Analyze the trend of affairs and predict consequences
- Research into public attitude and expectations
- Establish and maintain communication on truth and full information
- Counsel management based on the understanding of human behaviour
- Analyze the trend of affairs and predict consequences
- Research into public attitude and expectations
- Establish and maintain communication on truth and full information

12.8 FIVE BASIC PRINCIPLES OF GOOD MEDIA RELATIONS

- Know your client and their business.
- Know your media contacts and their needs.
- Know your target audience and their interests.
- Know your purpose and desired result.
- Know your pitch and respect if it won't work.

12.9 THREE TYPES OF IMAGE

- Wish image.
- Mirror image.

- Current or corporate image.

12.10 MANAGING FRSC's CORPORATE IMAGE

- The FRSC as a traffic law enforcement agency needs to enlighten the public on its mandate and on the consequences of RTCs
- This is achieved through engaging the use of the media e.g the radio, television, newspapers, road shows, motor park rallies, conferences, workshops and even worship centers
- There is a PR/PE Unit saddled with these responsibilities
- An average staff of FRSC is also considered as PR man for FRSC
- The FRSC as a traffic law enforcement agency needs to enlighten the public on its mandate and on the consequences of RTCs
- This is achieved through engaging the use of the media e.g the radio, television, newspapers, road shows, motor park rallies, conferences, workshops and even worship centers
- There is a PR/PE Unit saddled with these responsibilities
- An average staff of FRSC is also considered as PR man for FRSC

12.11 COMMON PRESS INFORMATION

- The number of death and injuries during a road crash
- The number of crashes in an environment over a period of time
- The identities of crash victims
- The ownership of the vehicles involved in road crashes etc

12.12 NON-CLASSIFIED INFORMATION

- Information from FRSC official website or official documents available to the public are not considered as classified information and can be released to members of the public who may need them.
- For instance, information about the duties of the Corps, the law establishing the Corps, or information contained in the Highway Code, the FRSC Establishment Act and the National Road Traffic Regulation are not classified information and can be released to members of the public.

13. LEADERSHIP AND PRODUCTIVITY

Leadership is a quality that can be defined; however its definition differs from person to person. It is a quality that generates success, however success means different things to different people. Despite the variability in perceptions of leadership we all have leaders who have made a difference in our life and inspired us in one way or another. The benefit of having such variability in our perception of leadership is that each person on Earth has the capability of being a leader in some way. It is time to discover what kind of leader you are. It is time to exceed your potential, find your passion, take action, and make a difference.

13.1 WHO IS A LEADER?

A Leader is someone who influences and motivates others (followers) towards achieving common purposes and objectives.

13.2 WHAT IS LEADERSHIP?

Field Marshal Bernard Montgomery: "Leadership is the capacity and will to rally men and women to a common purpose and the character which inspires confidence."

Dwight Eisenhower: "Leadership is the art of getting someone else to do something you want done because he wants to do it."

Harry Truman: "A leader is a man who has the ability to get other people to do what they don't want to do, and like it."

According to Jack Welch (former CEO, General Electric) he says, as a leader, I have three (3) responsibilities;

- a. Finding the right people
- b. Allocating the resources
- c. Sharing the ideas quickly

Also, Chester Bernard (1938) says, a leader's responsibility is to maintain the organization's values and to generate commitment.

13.3 HOW LEADERS EVOLVE

- a. **CHARISMATIC:** Possession of some personality traits may lead people naturally into leadership roles. **Martin Luther King, Obama.**

- b. **SITUATIONAL**: A crisis of important event may cause a person to rise to the occasion. This brings out extraordinary leadership qualities in an ordinary person e.g. Nelson Mandela.
- c. **TRANSFORMATIONAL**: People can choose to become leaders by learning leadership traits. To be tutored to become a leader.

13.4 LEADERSHIP MOTIVATION

- a. The desire to help others
- b. The sense of being needed
- c. Feeling accomplished when goal is achieved
- d. Gaining the respect of others
- e. Self-growth and understanding

STYLES/TYPES OF LEADERSHIP

- a. Laissez-Fair
- b. Democratic
- c. Bureaucratic
- d. Autocratic

NOTES:

- i. Choice of effective leadership style depends on situations.
- ii. A leader must use his sense of judgment
- iii. Leadership is scientific in nature and requires mastery

13.5 TIPS IN CHOOSING THE MOST EFFECTIVE LEADERSHIP APPROACH

- a. Consider skill levels and experience of your followers
- b. Consider whether the work involved is a routine or requires new and creative skills.
- c. Consider the organizational environment (this can be either stable or radically changing, conservative or adventurous)
- d. Consider your own preferred or natural style

13.6 QUALITIES AND ATTRIBUTES OF A LEADER

According to John C. Maxwell, the 21 leadership qualities include:

- a. Character
- b. Charisma
- c. Commitment
- d. Communication
- e. Competence
- f. Courage

- g. Discernment
- h. Focus
- i. Generosity
- j. Initiative
- k. Listening
- l. Passion
- m. Positive Attitude
- n. Problem Solving
- o. Relationship
- p. Responsibility
- q. Security
- r. Self-Discipline
- s. Servanthood
- t. Teachability
- u. Vision

13.7 RESPONSIBILITIES OF A LEADER

- a. Agenda Setting: The leader helps the group to organize itself by setting purposeful and achievable objectives
- b. Decision Taking: Set procedures for decisions necessary to achieve the set objectives
- c. Coordination: Directing all the efforts towards achieving organizational goals
- d. Generation and management of resources
- e. Evaluation of various performance

13.8 PRODUCTIVITY

This is the **EFFICIENT** and **EFFECTIVE** use of available resources to achieve desired results in **TIME**. Productivity is cost-consciousness, **time consciousness**, quality consciousness, customer consciousness.

Productivity Improvement

Productivity improvements are planned interventions designed to make the process better and operations of organizations smooth with a view to increasing: performance, revenue, profit, employment and improved standard of living for its workers or the populace. It entails improving efficiency, effectiveness and quality of work life.

Productivity Improvement can only come about through the efficient and effective management of input factors of production, that is, human resources (management and labour), capital (physical and financial assets), and technology.

"PSYCHOSOCIAL MANAGEMENT OF ONESELF IN A DYNAMIC SOCIETY"

INTRODUCTION

Major Depressive Disorders caused 3.9% of annual lived disability (YLDS) in Nigeria. The most common health issues in Nigeria are depression and anxiety, which are prevalent among the youth and young adults.

About 60 million Nigerians either have Mental or psychosocial disorders, these numbers will increase due to uncertain economic and social dynamics. The current and sudden Government policies of increase in Fuel prices and exchange rates, unemployment, under-employment, food insecurity, etc. without any corresponding Socio-economic support will lead to increase in psychosocial disorders with attendant consequences, such as alcoholism and drug dependence, suicide tendencies, etc.

What is psychosocial disorder?

Psychosocial Disabilities arises when someone with mental health condition interact with a social environment that presents barriers to their equality with other individuals.

The Psychosocial disorder could also be influenced by life experiences as well as maladjusted cognitive and behavioral processes. The term psychosocial could also be referred to as psychological and social factors that influence mental health. Social influences such as peer pressure, parental support, cultural and religious background, social economic status and inter personal relationships all help to shape personality and influence psychological makeup. Individuals with psychosocial disorders frequently have difficulty functioning in social situation and may have problems effectively communicating with others.

CAUSES OF MENTAL HEALTH AND PSYCHOSOCIAL DISORDERS

Mental illness like physical illness is due to multiple causes. There are many known factors of agent, host and environment in the natural histories of mental disorder. Among the known factors are the following;

- **Organic Conditions:** Mental illnesses may have their origin in organic conditions such as cerebral arteriosclerosis, neoplasm, metabolic diseases, neurological diseases, endocrine diseases and chronic diseases such as tuberculosis, leprosy, epilepsy, etc.
- **Heredity:** Heredity may be an important factor in some cases. For example, the child of two schizophrenia parents is 40 times more likely to develop schizophrenic than is the child of healthy parents.
- **Social Pathological Causes:** To produce any disease, there must be a combination of genetic and environmental factors. The social and environmental factors associated with mental ill health comprise; worries, anxieties, emotional stress. Tension, frustration, unhappy marriages, broken homes, poverty, industrialization, urbanization, changing family structure, population mobility, economic insecurity, cruelty, rejection , neglect and the like. The social environment not only determines the individual's attitudes but also provides the "framework" within which mental health is formulated.

Environmental factors other than psychosocial ones capable of producing abnormal human behaviour are:

- **Toxic substances:** Carbon disulfide, mercury manganese, tin, lead compounds etc.
- **Psychotropic drugs:** Barbiturates, alcohol, griseofulvin.
- **Nutritional factors:** Deficiency of thiamine, pyridoxine
- **Minerals:** Deficiency of iodine.

- **Infective agents:** Infectious disease (e.g., measles, rubella) during the prenatal and post-natal periods of life may have adverse effects on the brain's development and the integration of mental functions.
- **Traumatic factors:** Road and occupational accidents.
- **Radiation:** Nervous system is most sensitive to radiation during the period of neural development.

CRUCIAL POINTS IN THE LIFE CYCLE OF HUMAN BEINGS

There are certain key points in the development of the human being which are important from the point of view of mental health. These are;

- **Prenatal period:** Pregnancy is a stressful period for some women. They need help not only for their physical but also emotional needs.
- **First 5 years of life:** The roots of mental health are in early childhood. The infant and young child should experience a warm, intimate and continuous relationship with his mother and father. It is in this relationship where underlies the development of mental health. It follows that broken homes are likely to produce behavior disorders in children and this has been confirmed by several studies.
- **School child:** Everything that happens in the school affects the mental health of the child. The programmes and practices of the school may satisfy or frustrate the emotional needs of the child. Children who have emotional problems may need child guidance clinic or psychiatric services. From the learning, proper teacher-pupil relationship and climate of the class room are very important.
- **Adolescence:** The transition from adolescence to manhood is often a stormy one and fraught with dangers to mental health, manifested in the form of mental ill health among the young, and juvenile delinquents in particular. The basic needs of the adolescence are
 - A. The need to be needed by others,

- B. The need for increasing independence,
- C. The need to achieve adequate adjustment to the opposite sex
- D. The need to rethink the cherished beliefs of one's elders. The failure to recognize and understand these basic needs may prevent sound mental development.

- **Old age:** The mental health problems of the aged have received considerable attention in recent times in the developed countries. The causes of mental illness in the aged are organic conditions of the brain, economic insecurity, lack of home, poor status and insecurity.

Thus through his life, the needs of man remain the same; the need for affection, the need for belonging, the need for independence, the need for a sense of personal worth and the need for self-actualization. These needs only differ in degree and qualitative importance at various ages.

WHAT ARE THE SYMPTOMS OF PSYCHOSOCIAL DISORDERS?

- A. Feeling sad
- B. Confused thinking or reduced ability to concentrate
- C. Excessive fears or worried extreme feeling of guilt
- D. Extreme mood changes of highs and lows
- E. Significant tiredness, low energy or problems sleeping
- F. Detachment from reality (delusion) paranoid or hallucination
- G. Inability to cope with daily or stress
- H. Trouble understanding and relating to situations and people
- I. Problem with alcohol or drug use
- J. Major changes in eating habits
- K. Sex drive changes
- L. Excessive anger, hostility or violence
- M. Suicidal thinking

(ii) Others are psychosomatic symptoms

- I. Stomach pain
- II. Back pain
- III. Frequent headaches
- IV. Unexplained fever and pains.

COMPLICATIONS OF PSYCHOSOCIAL DISORDER

Untreated mental and psychosocial disorders can cause severe complications such as;

- A. Unhappiness and decreased enjoyment of life
- B. Family conflicts
- C. Relationship difficulties
- D. Social isolation
- E. Problems with tobacco, alcohol and other drugs
- F. Missed work or school
- G. Legal and financial problems
- H. Poverty and homelessness
- I. Self harm and harm to others including suicide or homicide
- J. Weaken immune system
- K. Heart disease, peptic ulcer, and other medical diseases.

PSYCHOSOCIAL MANAGEMENT AND PREVENTIVES MEASURES

Primary: Primary prevention operates on a community basis. This consists of "improving the social environment", and promotion of the social, emotional and physical well-being of all people. It includes working for better living conditions and improved health and welfare resources in the community.

- A. Early diagnosis and treatment
- B. Rehabilitation
- C. Group and individual psychotherapy
- D. Mental health education
- E. Use of modern psychoactive drugs

F. Follow-up and after care services.

CONCLUSION: Mental and psychosocial disorders have adverse effects on individual, occupation and community and these disorders can be managed by self understanding, identity formation, social relationships and enhance their ability to return to normality after experiencing adverse events.

EMERGING CHALLENGES OF FIELD COMMANDS OPERATIONS/THE WAY FORWARD

INTRODUCTION/GENERAL OVERVIEW

The primary responsibility of the Federal Road Safety Corps is to ensure that roads in Nigeria are safe for all road users through highly visible and responsive patrol operations.

2. The risks involved in this engagement is generally high especially with the recent rise in the security challenges confronting the Nation mostly perpetrated using the road as major means of movement.

3. Aside the foregoing, some of the challenges faced by the Corps are self inflicted by staff who have compromised ethical standard and relegated the operational strategies to be applied to the background, for personal gains.

AIM OF THE SUBMISSION

4. The submission is aimed at presenting some of these challenges without being too academic by making it as practical as possible when faced with real life scenarios that require on the spot resolution.

5. Your work experiences as front liners in the field is expected to be brought to bear, where-in the quality of your responses to occurrences while out there will be open to you for self scrutiny and self assessment especially with the prevailing security situation which makes your safety paramount.

6. Which means that your ability to sense eminent danger is paramount, and therefore requires that staff must have a deep inbuilt capacity for alertness, critical thinking, prompt problem solving skills, sound judgment, confidence, interpersonal skills, physical fitness, tactfulness, self-control, mental attitude, responsibility and trust worthiness, reliability, loyalty to the job which is key.

SOME OF THE EMERGING OPERATIONAL CHALLENGESS

ROLES OF PATROL TEAM MEMBERS NOT CLEARLY DEFINED/WRONG POSITIONING

7. Roles of individual members of a Patrol Team not clearly defined as a basis for ensuring strict compliance while on the road, resulting to one of the causes of knock down of Marshals.

8. The respective role to be played must be clearly defined and the role process owner to be held accountable for any action or inaction. This is without prejudice that the team work is the watch word.

9. In the same vein, the roles to be played by each member of the team is directly related to the positioning of the patrol vehicle and patrol bike as the case may be, which also has to do with the positioning of members of the team in relation to allowable spacing.

HIT AND RUN VEHICLES/CHASING OFFENDERS

10. Improper spacing while on patrol and the unprofessional habit of standing in front of moving vehicles or jumping on vehicle bonnet OR hanging of vehicle doors in an attempt to stop the offender, is not only shameful but exposes the perpetrators to the risk of the actions of hit and run drivers.

11. When confronted with such potential risks, all the patrol team needs to do is to note down the vehicle registration number of the vehicle for tracing through the NVIS.

12. The foregoing completely makes unnecessary, the dangerous habit of chasing offenders with the attendant high risk and possibility of causing road traffic crashes.

COMPROMISED BOOKINGS

13. None adherence to primary offence sighting as a basis for stopping a vehicle which in a number of occasions, set the stage for misconducts whereby a driver is threatened with DLV offence which is a secondary offence, only to be booked for a primary offence which fine is less, after extracting an unethical compromise.

14. Failure to fully explain the offence committed by the offender before booking, thus setting the stage for compromised bookings in the event the offender insists that the offence committed be explained to him.

15. Malicious bookings of offenders for either refusing to compromise or for questioning why they were being stopped in the first place, opens up the space for avoidable conflicts that could result to far reaching negative consequences especially as it affects the image of the Corps.

16. Malicious booking of offenders because of the rude conduct of the passengers being conveyed has negative impact of the expected commitment of the patrol team whose main focus should be on the driver. A patrol team has no compulsive need to engage a rude passenger based on his/her utterances which may appear offensive. Unfortunately some patrol teams transfer the burden of such aggressive disposition of the passengers unjustly to the offender via malicious bookings. It is an unfortunate development that should not be allowed for being unfair.

IMPOUNDMENT MALPRACTISES

17. Vehicles to be impounded at patrol locations which are to be escorted to the base are sometimes being diverted away from the base after negotiated unethical settlements between the offender and the arresting Marshals. This can only happen when the patrol team leader is compromised. To avoid such acts, the booking of the vehicle to be so impounded must be done at the scene or at least the process of the commenced.

18. Vehicles impounded at the base released without necessary bookings or any evidence to show they were impounded in the first place, in exchange for unethical compromises. Vehicles to be impounded at the base must be entered into an impoundment register at the entry gate and after being released, the register must be updated with the signature of the offender while presenting an impoundment release slip to be so endorsed by the Head of Operations or any officer to be so designated to advance such endorsements.

19. The foregoing arrangement will indemnify FRSC from any legal proceedings that may arise with regards to the status of such released impounded vehicle.

20. Offenders of impounded vehicles must be made to endorse the fact that they have removed all movable valuables from their vehicles before leaving the base to consummate fines payment processes.

21. Arresting Marshals driving impounded vehicles to the base contrary to laid down regulations against such practices has grave consequences. The vehicle could be involved in a crash with the arresting Marshal as the driver, or the offender

could claim he left valuables in the vehicle which cannot be accounted for when finally allowed to access to the impounded vehicle at the base.

22. The best bet under the circumstances is to get the services of a tow truck to be paid for by the offender, in the alternative, the services of any proximate Police station may be necessary to keep in custody the abandoned vehicle with full incident report made at the station, with a caveat that the vehicle can only be released to the offender based on clearance from FRSC. Obviously, the custody fee will be paid to the Police.

RUDE CONDUCT

23. Negative and rude disposition of patrol staff in engaging offenders which often at times over heat the patrol scene to the extent of attracting avoidable mob attacks, has always been a contentious issue with violent consequences and avoidable legal processes.

24. It is obvious that based on human nature, nobody wants to be contravened for going against expected norms and will therefore be agitated when confronted under such circumstances. You don't expect such offender to be happy. Any rude conduct towards handling the arrest processes may bring out the bottled up frustration which sometimes may be insulting of violent. Being calm, understanding and respectful on the part of the patrol team members is all that is required to avoid any confrontation.

25. Unnecessary exchange of words with offenders and needless rude engagement of passengers whose disposition have no positive values should be avoided by all means possible. Been calm and friendly may just be what is required to calmly educate them on the danger for which the driver was arrested, if the situation warrants.

26. Attempting to effect arrest of offenders at all cost whereby arresting Marshals use their body to wedge or stop vehicles is not only primitive but paints FRSC in bad light. No traffic offence is worth the life of a staff or in fact any other person.

27. Appropriate positioning of patrol team members will avail any of the team members to concentrate on vehicle registration numbers of vehicles to be arrested, so that in the event the offender violently evades arrests his vehicle registration number can be noted for NVIS intervention.

GENERAL PATROL MISCONDUCT

28. There is an unfortunate rise in the incidences of patrol misconducts by patrol teams which embarrassingly is sometimes in active collaboration with the Commanding officer and Heads of Operations to the extent of assuming the status of an institutionalized arrangement albeit erroneously. Patrol misconduct in which ever guise only reflects the premium we place on human lives, that is, the content of your compromise is the value you place on human lives including yours. Let your conscience judge you.

29. Misconducts, aside undermining our expected commitment in checking the menace of road crashes and service to humanity, the moral fabric of the Corps as a humanitarian organization suffers substantial erosion, thus not only painting us in bad light before members of the public, puts to question our relevance as an organization in adding value to the country's development.

30. Some staff have so institutionalized Patrol Misconducts to the extent that offenders are sometimes forced to compromise using ATM for payments or forced to make payments to account numbers of POS Agents for onward withdrawal of the monies so paid at the end of patrol operations. This act is being perpetrated to evade Surveillance arrests.

RESCUE OPERATIONS

31. Rescue operations has been one of the most fundamental commitment of the Corps that is well appreciated by the public because it represents an uncommon commitment in the service to humanity.

32. Therefore, the importance the Corps should attach to Rescue Operations should enjoy the highest level of care and professionalism ranging from taking full charge of the safety requirement of the crash scenes before the rescue to the evacuation of victims to proximate medical facilities and follow-ups.

GENERAL OPERATIONAL EXPECTATIONS

33. Staff are expected to continuously update themselves with the ever changing dynamics of technology while enforcing road traffic regulations.

34. For example the imperatives of NVIS, the working dynamics of all verification portals for SLD, NDL, Number Plates, etc should be well understood especially where a need arises to educate motorists while on patrol.

FONDLING WITH PHONE WHILE ON PATROL

35. The distractive habit of fondling with your phone while on patrol or wearing of earpiece presents you to the public as an unserious law enforcement agent and as such losing the expected seriousness the public will accord you. It is disrespectful and unacceptable to engage offenders with your earpiece affixed to your ear or a having a divided attention because of fondling with your phone.

USE OF STICKS ON PATROL

36. The habit of patrol teams using sticks in enforcing traffic regulations is too crude and unacceptable because it paints FRSC as an organization that is operating in the Stone Age. Such acts are punishable under FRSC Regulations on Discipline because of its inconsistency.

IMPROPER DRESSING

37. Improper dressing has always been an issue the Corps Management is concerned about, because it is the way you dress that you are being addressed by the public and the quality of respect you attract in your enforcement of road traffic regulations while on the road.

38. What then is improper dressing? This can be defined as any dressing that is not as captured by the FRSC Dress Code; for example, wearing of slippers while in uniform, improper parking hair by female staff, painting of lips, painting of finger nails, non compliance with dress code as specified in part one order or operational dressing.

39. Being improperly dressed, presents you to the public as a tout and which to a large extent determines the quality of your interaction with offenders, especially language usage and disposition.

40. As a regimented outfit, neatness and smartness when wearing the uniform has the deep capacity of building within you a positively complex self confidence which comes with boldness and sophisticated calmness when enforcing the regulations on the road. The respect you get from the public by been properly dressed goes a long way to discourage the public from engaging in a manner that seems to suggest you are an uneducated Tout, known locally as Agbero.

41. It will be an insult, first to your person when referred to as an Agbero while wearing FRSC uniform and an embarrassment to the corporate image of the Corps.

GENERAL INABILITY BY PATROL TEAMS TO IDENTIFY BREWING THREATS

42. Brewing threats have visible outlook, but patrol teams sometimes neglect some of signs. Incidentally, the Corps provides that only one vehicle should be stopped at a time, because stopping several vehicles will leave the patrol team with the burden of managing multiple offenders and aggrieved passengers who consider the time wasting consequences as an infringement on their fundamental human rights.

43. Tempers will obviously rise at which point any slight negative utterance may spark off violent reactions from not only the offenders but the passengers resulting to mob attack. Such multiple arrests must be avoided as provided for under operational regulations.

EMOTIONAL INTELLIGENCE

44. For the benefit of achieving a seamless enforcement commitment, staff are expected to be in tune with the basic expectations of Emotional Intelligence.

45. Empathy is the watchword which even if expressed should not compromise enforcement standard at the same time not eliciting negative or violent reactions from offenders to be contravened or booked.

46. Simply put, your actions or inactions should not attract unpalatable backlash from members of the public thus necessitating the need to be calm, firm and fair.

GENERAL INDISCIPLINE

47. Discipline, no doubt is the bedrock for any meaningful development to enjoy the required foundation, which makes absolutely necessary that our conducts conforms with acceptable ethical standard.

48. Staff were trained to differentiate between what is right and wrong and as such our actions and inactions are deliberate because we freely acceded to it.

49. Incidentally, whatever staff wish to throw up as far as their actions and inactions are concerned, is fully captured in the FRSC Regulations of Discipline, which prescribes sanctions appropriate to the infraction committed.

50. Since ignorance is not an excuse and that staff are responsible for their conducts, it is incumbent on all to closely study the FRSC Regulations on Discipline in order to appreciate the punishment coded for each infraction, some of which ends up in Dismissal from Service and prosecution in the Civil Court in the event of a worst case scenario.

MISUSE OF SOCIAL MEDIA

51. The improper use of the Social Media in addressing issues or grievances that are purely internal to FRSC, have continued to expose Corps to avoidable public embarrassment leaving her image sometimes battered.

52. Such acts are not acceptable to the knowledge and understanding of all staff, which is why some of these media onslaughts comes under anonymous or fake names despite a clear evidence that it was an insider act.

INTER-AGENCY RELATIONSHIP/ESPIRIT-DE-CORPS

53. It is not in doubt that there is no organization that can operate in isolation thus necessitating the need to explore avenues for a sustained in flow of cooperation from relevant organizations especially the uniformed ones.

54. Showing respect to personnel of such organizations in the area of esprit-de-corps has a way of cementing cordiality especially when the need to request for corporate assistance, becomes necessary.

55. However, in the exercise of esprit-de-corps, care must be taking not to compromise ethical standards, thus making PE an admissible intervention to let go.

DELAY IN HANDLING DISCIPLINARY CASES IN FIELD COMMANDS

56. Undue delays from the field in dealing with disciplinary cases and cover ups by Command, has continued to impact negatively on the corporate interest and responsibility of the Corps to the country.

57. Such cases of cover ups are not condoned in the system and in the fullness of time, justice will prevail for the system and the society.

CONCLUSION

58. As earlier mentioned, the presentation is an attempt to be less academic or theoretical, in which case it is expected that you have found yourself in one or all of the scenarios painted, consequently, it is expected that after going through, you should have an inbuilt capacity to bridge the challenge gap when asked to connect the process, when confronted with a life test case scenario.

IMPLEMENTATION OF PRE-FITTED SPEED LIMITING DEVICES IN VEHICLES IMPORTED OR LOCALLY PRODUCED /ASSEMBLED IN NIGERIA.

Road transportation is the most used mode of transportation in Nigeria as other alternatives like rail, air or water transportation are limited or not easily accessible in many parts of the country.

Nigeria has the largest road network in West Africa with over 204,000 km of paved and unpaved road networks.

Over-reliance on road transportation has led to an increase in road traffic crashes and fatalities in Nigeria. Several factors which include overloading, reckless driving, inadequate enforcement of traffic laws and speeding with the later as the most prevalent cause compelled the need for installation of speed limiting device as a panacea to the incessant road traffic injuries and fatalities.

A speed limiting device is a device that is installed in vehicle to restrict its maximum speed. It is designed to prevent drivers from exceeding a predetermined speed limit, which is typically set by the manufacturer or regulatory authorities.

FRSC as an agency saddled with the core mandate of creating safe motoring environment for all road users, commenced sensitization campaign on compulsory installation of speed limiting device in commercial vehicles in year 2012.

In May 2013 a technical Committee was constituted comprising of some government agencies; SON, NADDC, NITT, NSE and FRSC with the aim to come up with a draft policy on standard of speed limiting device to be adopted in Nigeria.

The draft policy document was reviewed and adopted on the 4th September, 2013 and subsequently approved by Standard Organization of Nigeria (SON) on the 28th May, 2014.

After several deliberations with relevant stakeholders and sensitization of drivers and the general public, 1st April, 2016 was approved as commencement of nation-wide enforcement on the installation of speed limiting device by commercial vehicles.

The benefits of speed limiting devices include;

- i. Increased safety,
- ii. Reduced fuel consumption,

- iii. Reduced maintenance costs.
- iv. Reduce wear and tear on the vehicle's engine, brakes, and other components,
- v. Save money on repairs and maintenance.

FRSC as a lead agency in road safety administration and Road traffic management is empowered to enforce Installation of speed limiting devices on vehicles through the following legal tools.

- i. FRSC Establishment Act, 2007
- ii. National Road Traffic Regulations, 2012
- iii. National Road Traffic (Amendment) Regulations, 2016

FRSC in fulfilling its commitments towards minimising road traffic injuries most especially speed related crashes and fatalities, kick-started the process of policy implementation on Speed limiting device in 2012.

The Corps started with engagement of relevant stakeholders and constitution of technical committee for draft of policy document and sensitization campaign in enlightening and educating drivers and other road users on the needs and benefits of installation of speed limiting device on vehicles.

ADOPTION OF DRAFT POLICY DOCUMENT

The draft policy document was reviewed and adopted by a larger committee on 4th September, 2013. The reviewed document was accepted and approved by Standard Organization of Nigeria (SON) Governing Council on the 28th May, 2014.

This comprised of two parts.

- i. Part I: Installation requirement and,
- ii. Part II: Specification for system and component requirement.

As of April, 2023 a total of 97 vendors has been accredited across the country for the installation of speed limiting devices Nation-wide. While from inception to April, 2023 a total of 173,698 speed limiting devices have been installed in vehicles across the country.

CHALLENGES FACING IMPLEMENTATION OF SPEED LIMITING DEVICE POLICY.

- i. Compromise by some vendors by setting speed limiting device above the recommended legal speed limit.
- ii. Drivers tampering with the devices either by intentionally damaging the device or disconnecting it.
- iii. shortage of technical expertise and trained personnel to monitoring tampered speed limiting device installed in vehicles.
- iv. The cost of acquiring and installing speed limiting devices is also a challenge, especially for low-income vehicle owners and those who operate in rural areas where there are limited resources.
- v. shortage of technical expertise and trained personnel to install, maintain, and repair speed limiting devices.

WHAT IS PRE-FITTED SPEED LIMITING DEVICE

A pre-fitted or factory-fitted speed limiting device refers to a speed limiting device that is installed in a vehicle during its production process. In other words, the device is built into the vehicle by the manufacturer before it is sold to the customer.

BENEFITS OF PRE-FITTED SPEED LIMITING DEVICE

- i. It makes it difficult or impossible for drivers to tamper with the speed limiting device.
- ii. By installing pre-fitted devices, vehicle manufacturers can ensure compliance with regulations and avoid penalties for non-compliance.
- iii. It reduces chances of electrical problem related to installation of speed Limiting Device.
- iv. Vehicles with pre-fitted Speed limiting devices save the owners cost of installation and maintenance.
- v. pre-fitted speed limiting devices can help reduce maintenance costs and prolong the lifespan of the vehicle.

PRE-FITTED SPEED LIMITER IMPLEMENTATION AGENCIES

Federal Road Safety Corps

National Automotive Design and Development Council (NADDC)

Standard Organization of Nigeria (SON)

Nigeria Society of Engineers

National Orientation Agency (NOA)

Nigeria Customs Service (NCS)

RECOMMENDATIONS

- i. The need to improve monitoring measure for discovering tampered speed limiting device in vehicles.
- ii. Provision of incentives to vehicle manufacturers to encourage the installation of pre-fitted speed limiting devices. like, low tax.
- iii. Government to make policy on mandatory installation of pre-fitted speed limiting devices in imported or locally manufactured commercial vehicles.
- iv. To ensure the effective installation and maintenance of pre-fitted speed limiting devices, there is a need for training and capacity building for both FRSC personnel and vendors technicians.

BEST OF LUCK
